Annual Meeting Date and Time

Thursday, December 8, 2022 at 9:00 a.m. Pacific Time

Location and Meeting Admission

We have adopted a virtual format for our 2022 Annual Meeting of Shareholders (the "**Annual Meeting**") to provide a consistent experience to all our shareholders regardless of location. There will be no physical location for shareholders to attend the Annual Meeting.

You are entitled to attend the Annual Meeting online, vote and submit questions during the meeting by visiting www.virtualshareholdermeeting.com/FN2022 and entering the 16-digit control number included on your Notice of Internet Availability of Proxy Materials, voting instruction form or proxy card (if you requested printed materials). You will only be entitled to vote and submit questions at the Annual Meeting if you are a shareholder as of the record date.

More details on how to participate in this year's virtual meeting can be found in the section of the accompanying proxy statement entitled "*Questions and Answers about the Annual Meeting and Procedural Matters.*"

In the event of a technical malfunction or other situation that at the discretion of the Chairman of the Board of Directors may affect the ability of the Annual Meeting to satisfy the requirements for a meeting of shareholders to be held, the Chairman or Corporate Secretary of Fabrinet will convene the meeting at 11:00 a.m. Pacific Time on the same date and at the website specified above solely for the purpose of holding the adjourned meeting at this later time.

Items of Business

1. Elect three Class I directors listed in the accompanying proxy statement and recommended by Fabrinet's board of directors to serve for a term of three years, or until their respective successors have been duly elected and qualified;

Any action on the items of business described above may be considered at the Annual Meeting at the time and on the date specified above, or at any time and date to which the Annual Meeting may be properly adjourned or postponed.

(2) Please refer to **Appendix A** for a reconciliation of this non-GAAP financial measure to the most directly comparable financial measure calculated in accordance with generally accepted accounting principles in the United States ("GAAP").

Other business highlights during fiscal 2022 include:

- we repurchased 628,428 ordinary shares under our share repurchase program for an aggregate purchase price of \$59.9 million, which offset dilution from issuances under our equity incentive plans; and
- we increased our manufacturing capacity at our campuses in Thailand from approximately 1.5 million square feet at the beginning of fiscal 2022 to approximately 2.4 million square feet at the beginning of fiscal 2023 with the completion of a new building in July 2022.

Executive Compensation Program Highlights

Our executive compensation program is designed to be heavily weighted towards compensating our executives based on company performance. To that end, we have implemented executive compensation policies and practices that reinforce our pay-for-performance philosophy and align with commonly viewed best practices and sound governance principles.

✓ What We Do

- ▶ Pay-for-performance, with significant portion of compensation at risk
- ▶ Caps on performance-based incentive compensation
- ▶ Multi-year performance periods
- ▶ Claw back policy on cash and equity incentive compensation
- ▶ Equity ownership guidelines for executive officers and directors
- ▶ 100% independent directors on the Compensation Committee
- ▶ Independent compensation consultant engaged by the Compensation Committee
- ▶ Annual review and approval of our compensation strategy
- ▶ Engagement with shareholders
- ▶ Annual shareholder advisory vote on executive compensation

✗ What We Don't Do

- ▶ No targeting specific percentiles
- ▶ No guaranteed bonus
- ▶ No changing of multi-year targets after they are set
- ▶ No repricing or buyouts of equity awards
- ▶ No share "recycling"
- ▶ No short sales, hedging, or pledging of our ordinary shares
- ▶ No transactions involving derivatives of our ordinary shares
- ▶ No paying dividends or dividend equivalents on unvested equity awards

Shareholder Engagement and Advisory Vote on Executive Compensation

We have conducted shareholder outreach annually since 2016 and have provided shareholders with an annual say-on-pay advisory vote on compensation of our named executive officers since 2012. We are very pleased that shareholders have expressed their continued support of our compensation practices since our 2016 annual meeting of shareholders.

Recent Say-on-Pay Votes

Pay for Performance

We use a mix of long-term and short-term compensation components to align executive interests with shareholders and attract, retain and motivate executives. Our compensation program is strongly focused on delivering a substantial portion of compensation through performance-based compensation elements. This ensures proper alignment with our shareholders and ties the ultimate value delivered to our named executive officers to Fabrinet's performance.

For fiscal 2022, target total direct compensation for our named executive officers consisted of annual base salary, target bonus opportunity under our cash-based incentive plan, and the aggregate grant date fair value of time-based and performance-based equity award grants in fiscal 2022 (assuming maximum achievement of performance conditions).

PROXY STATEMENT

FOR 2022 ANNUAL MEETING OF SHAREHOLDERS

This proxy statement is being provided to holders of ordinary shares of Fabrinet at the close of business on the record date (October 12, 2022) in connection with the solicitation of proxies by Fabrinet's board of directors (the "**Board**") for use at Fabrinet's 2022 Annual Meeting of Shareholders, and any postponements, adjournments or continuations thereof (the "**Annual Meeting**"), for the purpose of considering and acting upon the matters set forth in this proxy statement and the accompanying notice. The Annual Meeting will be held on Thursday, December 8, 2022, at 9:00 a.m. Pacific Time via live audio webcast at www.virtualshareholdermeeting.com/FN2022.

We have adopted a virtual format for the Annual Meeting to provide a consistent experience to all our shareholders regardless of location.

The Notice of Internet Availability of Proxy Materials, this proxy statement and the accompanying proxy card or voting instruction card were first made available on or about October 20, 2022 to all shareholders entitled to vote at the Annual Meeting.

Information contained on, or that can be accessed through, our website is not intended to be incorporated by reference into this proxy statement, and references to our website address in this proxy statement are inactive textual references only.

QUESTIONS AND ANSWERS ABOUT THE ANNUAL MEETING AND PROCEDURAL MATTERS

Q: How can I attend the Annual Meeting?

A: You are invited to attend the Annual Meeting if you were a shareholder of record or a beneficial owner as of October 12, 2022 (the “**Record Date**”). Shareholders may participate in the Annual Meeting at www.virtualshareholdermeeting.com/FN2022. Guests will not be able to vote shares or ask questions during the meeting.

If you plan to attend the Annual Meeting online, please be aware of what you will need to gain admission to the meeting, as described below. If you do not comply with these procedures, you will not be able to participate in the Annual Meeting but may view the Annual Meeting webcast as a guest.

To attend online and participate in the Annual Meeting, shareholders of record will need to enter the 16-digit control number included on their Notice of Internet Availability of Proxy Materials or proxy card (if they requested printed materials) to log into www.virtualshareholdermeeting.com/FN2022.

Beneficial owners who do not have a control number may gain access to the meeting by logging into their brokerage firm’s website and selecting the stockholder communications mailbox to link through to the Annual Meeting; instructions should also be provided on the voting instruction card provided by their broker, bank, or other nominee. The difference between holding shares as a shareholder of record and as a beneficial owner is described below under “*Q. What is the difference between holding shares as a shareholder of record and as a beneficial owner?*”

We encourage you to access the meeting prior to the start time. Please allow ample time for online check-in, which will begin at 8:45 a.m. Pacific Time. If you have difficulties during the check-in time or during the meeting, we will have technicians ready to assist you with any difficulties you may have accessing the virtual meeting. If you encounter any difficulties accessing the virtual meeting, please call the technical support number that will be posted on the virtual meeting platform’s log in page.

Q: Can shareholders ask questions during the Annual Meeting?

A: Yes. Shareholders may submit questions online in advance of, or during, the Annual Meeting.

Shareholders may submit questions in advance of the meeting at www.proxyvote.com after logging in with the 16-digit control number included on their Notice of Internet Availability of Proxy Materials, voting instruction form or proxy card (if they requested printed materials).

During the meeting, shareholders may submit questions through the virtual meeting platform at www.virtualshareholdermeeting.com/FN2022.

We will endeavor to answer as many shareholder-submitted questions as time permits that comply with the meeting rules of conduct. We reserve the right to edit any inappropriate language and to exclude questions regarding topics that are not pertinent to meeting matters or Fabrinet’s business. If we receive substantially similar questions, we may group such questions together and provide a single response to avoid repetition in the interest of time and fairness to all shareholders.

Q: Who is entitled to vote at the Annual Meeting?

A: You may vote your Fabrinet ordinary shares if our records show that you owned your shares at the close of business on the Record Date. At the close of business on the Record Date, there were 36,587,164 ordinary shares outstanding and entitled to vote at the Annual Meeting, as well as 2,658,994 ordinary shares outstanding and held as treasury shares (which are not entitled to vote). You may cast one vote for each ordinary share held by you as of the Record Date on all matters presented.

Q: Why did I receive a one-page notice in the mail regarding the Internet availability of proxy materials instead of a full set of proxy materials?

A: In accordance with rules adopted by the Securities and Exchange Commission (the “**SEC**”), we have elected to provide access to our proxy materials over the Internet. Accordingly, we began sending a Notice of Internet Availability of Proxy Materials (the “**Notice**”) to our shareholders of record and beneficial owners on or about October 20, 2022.

All shareholders will be able to access the proxy materials on the website referred to in the Notice, or to request a printed set of the proxy materials. Instructions on how to access the proxy materials over the Internet or to request a printed copy can be found in the Notice. In addition, shareholders may request the proxy materials be sent by mail or email on an ongoing basis. Choosing to receive future proxy materials by email will save us the cost of printing and mailing documents to you and will reduce the impact of our annual meetings on the environment.

Q: What proposals will be voted on at the Annual Meeting?

A: The proposals scheduled to be voted on are:

Proposal One: Election of three Class I directors listed in this proxy statement and recommended by the Board to serve for a term of three years, or until their respective successors have been duly elected and qualified.

Proposal Two: Ratification of the appointment of PricewaterhouseCoopers ABAS Ltd. as our independent registered public accounting firm for our fiscal year ending June 30, 2023.

Proposal Three: An advisory vote to approve the compensation paid to our named executive officers.

Q: How does the Board of Directors recommend that I vote?

A: The Board recommends that you vote your shares:

- “FOR” each of the nominees listed in this proxy statement and recommended by the Board for election as Class I directors (Proposal One).
- “FOR” the ratification of the appointment of PricewaterhouseCoopers ABAS Ltd. as our independent registered public accounting firm for our fiscal year ending June 30, 2023 (Proposal Two).
- “FOR” the approval, on an advisory basis, of the compensation paid to our named executive officers (Proposal Three).

Q: What is the voting requirement to approve each of the proposals and how are votes counted?

A: A plurality of the votes cast is required for the election of directors (Proposal One). You may vote “FOR” or “WITHHOLD” on each nominee for election as

director. The nominees for director receiving the highest number of affirmative votes will be elected as directors. Abstentions and broker non-votes will not affect the outcome of the election. However, as set forth below under “*Corporate Governance—Majority Voting Policy in Uncontested Elections*,” we have a policy that if a director receives more “WITHHOLD” votes than “FOR” votes in an uncontested election such as this one, the director shall offer his or her resignation for consideration by the Board.

The affirmative vote of a majority of the shares present, virtually or by proxy, and entitled to vote is required to (1) ratify the appointment of PricewaterhouseCoopers ABAS Ltd. as our independent registered public accounting firm for our fiscal year ending June 30, 2023 (Proposal Two), and (2) approve, on an advisory basis, the compensation paid to our named executive officers (Proposal Three). You may vote “FOR,” “AGAINST” or “ABSTAIN” on these proposals. Abstentions have the same effect as votes against these proposals. However, broker non-votes are not deemed to be votes cast and, therefore, are not included in the tabulation of voting results on these proposals.

All shares entitled to vote and represented by properly submitted proxies received prior to the Annual Meeting (and not revoked) will be voted at the Annual Meeting in accordance with the instructions indicated by such proxy. If no instructions are indicated on such proxy, the shares represented by that proxy will be voted as recommended by the Board.

Q: How many shares must be present or represented to conduct business at the Annual Meeting?

A: The presence of the holders of at least one-third of the total shares entitled to vote at the Annual Meeting is necessary to constitute a quorum at the Annual Meeting. Such shareholders are counted as present at the meeting if (1) they are present virtually at the Annual Meeting or (2) have properly submitted a proxy. Abstentions and broker “non-votes” are counted as present and entitled to vote and are, therefore, included for the purposes of determining whether a quorum is present at the Annual Meeting. A broker “non-vote” occurs when a nominee holding shares for a beneficial owner has not received voting instructions from the beneficial owner, and the broker does not have, or declines to exercise, discretionary authority to vote those shares.

Q: How can I vote my shares during the Annual Meeting?

A: Shareholders of record may vote their shares electronically during the Annual Meeting by logging into www.virtualshareholdermeeting.com/FN2022.

Beneficial owners may vote their shares electronically during the Annual Meeting only if they obtain a "legal proxy" from the broker, bank or nominee that holds the shares giving the beneficial owner the right to vote the shares. Voting online during the meeting will replace any previous votes. **Even if you plan to attend the Annual Meeting, we recommend you also submit your vote as described in the Notice and as described below, so your vote will be counted even if you later decide not to attend the meeting.**

Q: How can I vote my shares without attending the Annual Meeting?

A: Whether you hold shares directly as the shareholder of record or beneficially in street name, you may direct how your shares are voted without attending the Annual Meeting. If you are a shareholder of record, you may vote by submitting a proxy; please refer to the voting instructions in the Notice or below. If you hold shares beneficially in street name, you may vote by submitting voting instructions to your broker, bank or nominee; please refer to the voting instructions provided to you by your broker, bank or nominee.

By Internet – Shareholders of record with Internet access may submit proxies until 11:59 p.m., Eastern Time, on December 7, 2022, by following the "Vote by Internet" instructions described in the Notice, or by following the instructions at www.proxyvote.com. Most Fabrinet shareholders who hold shares beneficially in street name may vote by accessing the website specified in the voting instructions provided by their brokers, trustees or nominees. If you are a beneficial owner, please check the voting instructions provided by your broker, trustee or nominee for information regarding Internet voting availability.

By telephone – Depending on how your shares are held, you may be able to vote by telephone. If this option is available to you, you will have received information with the Notice or the voting instructions provided by your broker, bank or nominee explaining this procedure.

By mail – Shareholders of record may request a paper proxy card from Fabrinet and indicate their vote by completing, signing and dating the card where

indicated and by returning it in the prepaid envelope that will be included with the proxy card. Please follow the procedures outlined in the Notice to request a paper proxy card.

We may use the Broadridge QuickVote™ service to assist beneficial shareholders with voting their shares over the telephone. Alternatively, Kingsdale Advisors may contact beneficial shareholders to assist them with conveniently voting their shares directly over the phone. If you have any questions about the Annual Meeting, please contact Kingsdale by telephone at (866) 228-3049 (toll-free in North America) or (416) 867-2272 (call collect outside North America), or by email at contactus@kingsdaleadvisors.com.

Q: What is the difference between holding shares as a shareholder of record and as a beneficial owner?

A: *Shareholder of Record.* If your shares are registered directly in your name with our transfer agent, Computershare Trust Company, you are considered the "shareholder of record" with respect to those shares, and we have sent the Notice directly to you. As a shareholder of record, you have the right to grant your voting proxy directly to us or to a third party, or to vote virtually during the Annual Meeting.

Beneficial Owner. If your shares are held in a brokerage account or by a bank or nominee, you are considered the "beneficial owner" of shares held in "street name," and the Notice is being forwarded to you by your broker, bank or nominee (who is considered the shareholder of record with respect to those shares). As the beneficial owner, you have the right to direct your broker, bank or nominee how to vote your shares. Your broker, bank or nominee has enclosed or provided voting instructions for you to use in directing the broker, bank or nominee how to vote your shares. You are also invited to attend the Annual Meeting. However, because you are not the shareholder of record, you may not vote your shares virtually during the Annual Meeting unless you obtain a "legal proxy" from your broker, bank or nominee giving you the right to vote the shares at the Annual Meeting.

If you hold your shares through a broker and do not provide your broker with specific voting instructions, your broker will have the discretion to vote your shares only on routine matters. As a result:

- Your broker will not have the authority to exercise discretion to vote your shares with respect to the election of directors and the advisory vote to approve the compensation paid to our named

executive officers because the rules of The New York Stock Exchange (“NYSE”) treat those matters as non-routine; but

- Your broker will have the authority to exercise discretion to vote your shares with respect to the ratification of the appointment of PricewaterhouseCoopers ABAS Ltd. as our independent registered public accounting firm for our fiscal year ending June 30, 2023, because NYSE rules treat that matter as routine.

Q: What happens if additional matters are presented at the Annual Meeting?

A: If any other matters are properly presented for consideration at the Annual Meeting, including, among other things, consideration of a motion to adjourn the Annual Meeting to another time or place (including, without limitation, for the purpose of soliciting additional proxies), the persons named as proxy holders will have discretion to vote on those matters in accordance with their best judgment. We do not currently anticipate that any other matters will be raised at the Annual Meeting.

Q: Can I change my vote?

A: Subject to any rules your broker, bank or nominee may have, you may change your vote at any time before the electronic polls close at the Annual Meeting.

If you are the shareholder of record, you may change your vote by (1) granting a new proxy bearing a later date (which automatically revokes the earlier proxy) using any of the voting methods described above (and until the applicable deadline for each method), (2) providing a written notice of revocation to our Corporate Secretary, c/o Fabrinet USA, Inc., 4900 Patrick Henry Drive, Santa Clara, CA 95054 prior to your shares being voted, or (3) virtually attending the Annual Meeting and voting online during the meeting. Attending the Annual Meeting will not cause your previously granted proxy to be revoked unless you specifically request this.

If you are the beneficial owner of shares held in street name, you may change your vote by (1) submitting new voting instructions to your broker, bank or nominee, or (2) attending the Annual Meeting and voting online during the meeting if you first have obtained a legal proxy from your broker, bank or nominee giving you the right to vote your shares at the Annual Meeting.

Q: What happens if I decide to attend the Annual Meeting but I have already voted or submitted a proxy card covering my shares?

A: Subject to any rules your broker, bank or nominee may have, you may attend the Annual Meeting and vote during the meeting even if you have already voted or submitted a proxy card. Any previous votes that were submitted by you will be superseded by the vote you cast at the Annual Meeting. Please be aware that attendance at the Annual Meeting will not, by itself, revoke a proxy.

If a broker, bank or nominee beneficially holds your shares in street name and you wish to attend the Annual Meeting and vote during the meeting, you must obtain a legal proxy from the broker, bank or nominee holding your shares that gives you the right to vote the shares.

Q: What should I do if I receive more than one set of voting materials?

A: If you received more than one Notice, voting instruction card or set of proxy materials, your shares are registered in more than one name or brokerage account. Please follow the instructions on each Notice or voting instruction card that you receive, to ensure that all of your shares are voted.

Q: Is my vote confidential?

A: Proxy instructions, ballots and voting tabulations that identify individual shareholders are handled in a manner that protects your voting privacy. Your vote will not be disclosed either within Fabrinet or to third parties, except: (1) as necessary to meet applicable legal requirements, (2) to allow for the tabulation of votes and certification of the vote, and (3) to facilitate a successful proxy solicitation. Occasionally, shareholders provide written comments on their proxy cards, which may be forwarded to Fabrinet’s management.

Q: Where can I find the voting results of the Annual Meeting?

A: We will announce preliminary voting results at the Annual Meeting. We will also disclose voting results on a Form 8-K filed with the SEC within four business days after the Annual Meeting, which will also be available in the “Investors—Financials—SEC Filings” section of our website at www.fabrinet.com.

Q: Who will bear the cost of soliciting votes for the Annual Meeting?

A: We will pay the entire cost of preparing, assembling, printing, mailing and distributing these proxy materials and soliciting votes. We may reimburse brokerage firms, custodians, nominees, fiduciaries and other persons representing beneficial owners for their reasonable expenses in forwarding solicitation material to such beneficial owners. We have engaged Kingsdale Advisors as our shareholder advisor and proxy solicitation agent and will pay fees of approximately \$20,500, plus certain out-of-pocket expenses, to Kingsdale to assist us with the solicitation of proxies. Our directors, officers and employees also may solicit proxies in person or by other means of communication. Such directors, officers and employees will not be additionally compensated, but may be reimbursed for reasonable out-of-pocket expenses in connection with such solicitation.

If you choose to access the proxy materials and/or vote over the Internet, you are responsible for Internet access charges you may incur. If you choose to vote by telephone, you are responsible for telephone charges you may incur.

Q: What is the deadline to propose actions for consideration at next year's annual meeting of shareholders or to nominate individuals to serve as directors?

A: Shareholders may submit proposals, including recommendations of director candidates, for consideration at future shareholder meetings.

For inclusion in Fabrinet's proxy materials – Shareholders may present proper proposals for inclusion in our proxy statement and for consideration at our next annual meeting of shareholders by submitting their proposals in writing to our Corporate Secretary in a timely manner. In order to be included in the proxy statement for our 2023 annual meeting of shareholders, shareholder proposals must be received by our Corporate Secretary no later than June 22, 2023 and must otherwise comply with the requirements of Rule 14a-8 of the Securities Exchange Act of 1934, as amended (the “Exchange Act”).

To be brought before an annual meeting – In addition, our memorandum and articles of association establish an advance notice procedure for shareholders who wish to present certain matters before an annual meeting of shareholders.

Nominations for the election of directors only can be made (1) by or at the direction of the Board, or (2) by a shareholder who has delivered written notice to our Corporate Secretary within the Notice Period (as defined below) and who was a shareholder at the time of such notice and as of the record date for such meeting. The notice must contain specified information about the nominees and about the shareholder proposing such nominations.

Our memorandum and articles of association also provide that the only business that may be conducted at an annual meeting is business that is (1) properly brought before the meeting in accordance with our proxy materials with respect to such meeting, (2) properly brought before the meeting by or at the direction of the Board, or (3) properly brought before the meeting by a shareholder who has delivered written notice to our Corporate Secretary, c/o Fabrinet USA, Inc., 4900 Patrick Henry Drive, Santa Clara, CA 95054 within the Notice Period (as defined below) and who is a shareholder at the time of such notice and as of the record date for such meeting. The notice must contain specified information about the matters to be brought before such meeting and about the shareholder proposing such matters.

The “Notice Period” is defined as that period not less than 45 days nor more than 75 days prior to the one year anniversary of the date on which we first mailed our proxy materials or a notice of availability of proxy materials (whichever is earlier) to shareholders in connection with the preceding year's annual meeting of shareholders. As a result, the Notice Period for the 2023 annual meeting of shareholders will start on August 6, 2023 and end on September 5, 2023.

In addition, to comply with newly-enacted Rule 14a-19 of the Exchange Act, shareholders who intend to solicit proxies in support of director nominees (other than our nominees) at our 2023 annual meeting of shareholders must provide notice to our Corporate Secretary that sets forth the information required by Rule 14a-19 under the Exchange Act no later than October 9, 2023. Please note that the notice requirement under Rule 14a-19 is in addition to the applicable notice requirements under the advance notice provisions of our memorandum and articles of association as described above.

If a shareholder who has notified us of his or her intention to present a proposal at an annual meeting does not appear to present his or her proposal at such meeting, we are not required to present the proposal for vote at such meeting.

A copy of the full text of the provisions of our memorandum and articles of association discussed above may be obtained by writing to our Corporate Secretary, c/o Fabrinet USA, Inc., 4900 Patrick Henry Drive, Santa Clara, CA 95054, or by accessing Fabrinet's filings on the SEC's website at www.sec.gov.

All notices of proposals by shareholders, whether or not included in our proxy materials, should be sent to our Corporate Secretary, c/o Fabrinet USA, Inc., 4900 Patrick Henry Drive, Santa Clara, CA 95054.

Q: How may I obtain a separate set of proxy materials or the Fiscal 2022 Annual Report?

A: If you share an address with another shareholder, each shareholder may not receive a separate copy of our proxy materials and Fiscal 2022 Annual Report. Upon written request we will promptly send a separate copy of our proxy materials and Fiscal 2022 Annual Report, without charge, to any shareholder at a shared address where a single copy of the documents was delivered. Shareholders may request additional copies of our proxy materials and Fiscal 2022 Annual Report by contacting our investor relations at IR@fabrinet.com, or writing to Fabrinet, c/o Fabrinet USA, Inc., 4900 Patrick Henry Drive, Santa Clara, CA 95054, Attention: Investor Relations. Shareholders who share an address and received multiple copies of our proxy materials and Fiscal 2022 Annual Report can also request to receive a single copy by following the instructions above.

Q: Whom do I contact if I have questions?

A: If you have any questions or need assistance completing your proxy or voting instruction form, please contact Kingsdale Advisors by telephone at (866) 228-3049 (toll-free within North America) or (416) 867-2272 (call collect outside of North America), or by email at contactus@kingsdaleadvisors.com.

PROPOSAL ONE: ELECTION OF DIRECTORS

General

Our amended and restated memorandum and articles of association provide that the number of our directors will be fixed from time to time by the Board, but may not consist of more than 15 directors. The Board presently consists of seven directors who are divided into three

classes with overlapping three-year terms as set forth below. Upon expiration of the term of a class of directors, directors for that class will be elected for three-year terms at the annual meeting of shareholders in the year in which that term expires.

Class I Directors (Term Expires at Annual Meeting)	Class II Directors (Term Expires in 2023)	Class III Directors (Term Expires in 2024)
Dr. Homa Bahrami	Seamus Grady	Dr. Frank H. Levinson
Darlene S. Knight	Thomas F. Kelly	David T. Mitchell
Rollance E. Olson		

Nominees for Director

Three candidates have been nominated for election at the Annual Meeting as Class I directors for a three-year term expiring in 2025. Upon the recommendation of the Nominating & Corporate Governance Committee, the Board nominated **Dr. Homa Bahrami, Darlene S. Knight and Rollance E. Olson** for election as Class I directors. Biographical information for each of the nominees is set forth below.

Ms. Knight, who was appointed to the Board by our other directors in January 2022, was recommended to the Nominating & Corporate Governance Committee for consideration as a potential director by an independent search firm.

Each nominee has consented to being named in this proxy statement and to serving as a director if elected, and we have no reason to believe any nominee will be

unavailable to serve. In the event Dr. Bahrami, Ms. Knight or Mr. Olson is unable or declines to serve as a director at the time of the Annual Meeting, the proxies will be voted for any nominee who may be proposed by the Nominating & Corporate Governance Committee and designated by the Board to fill the vacancy.

If you sign your proxy or voting instruction card or vote by telephone or over the Internet, but do not give instructions with respect to the election of directors, your shares will be voted for the two persons recommended by the Board. If you wish to give specific instructions with respect to the election of directors, you may do so by indicating your instructions on your proxy or voting instruction card, or when you vote by telephone or over the Internet. If you do not give voting instructions to your broker, your broker will not vote your shares on this matter.

Recommendation of the Board of Directors

The Board recommends a vote **"FOR"** the election of each of the nominees listed above.

DIRECTOR COMPENSATION

Annual Non-Employee Director Compensation Elements

The Compensation Committee annually reviews director compensation with the assistance of its independent compensation consultant to ensure that it is appropriate and competitive in light of market circumstances and prevailing “best practices” for corporate governance. The compensation elements reflect the Board’s view that

DIRECTOR COMPENSATION

Fiscal 2023 Board Compensation for Non-Employee Directors: In 2022, the Compensation Committee retained Compensia, Inc., a national compensation consulting firm, to provide independent services to assist the Compensation Committee in evaluating the competitiveness of our non-employee director compensation program. As a result of this review and upon the recommendation of the Compensation Committee, the Board increased the annual cash retainer for non-employee Board members to \$75,000 and the annual value of restricted share unit grants to \$220,000, effective as of June 25, 2022 (the beginning of fiscal 2023). All other elements of non-employee director compensation for fiscal 2023 remain the same as set forth above.

Director Share Ownership Guidelines

To further align the interests of members of the Board with those of our shareholders, we have adopted share ownership guidelines for our non-employee directors. **The guidelines provide for a minimum ownership level equal to three times the annual cash Board retainer.**

Directors are expected to have met these ownership levels by August 2017 or, if appointed or elected after August 2012, within five years of their appointment or election to the Board. Shares counted towards the

minimum ownership levels include all shares beneficially owned by the director and any unvested restricted share units held by the director.

Except for Ms. Knight, who was appointed to the Board in January 2022 and has until January 2027 to meet the guidelines, all current non-employee directors satisfy the minimum equity holding requirements based on the closing price per share of our ordinary shares on October 12, 2022.

CORPORATE GOVERNANCE MATTERS

Corporate Governance Guidelines

We have adopted Corporate Governance Guidelines that establish the corporate governance policies the Board intends to follow in overseeing our business in accordance with its fiduciary duties.

The Corporate Governance Guidelines are available in the "Investors—Governance" section of our website at www.fabrinet.com.

Code of Business Conduct

We are committed to maintaining the highest standards of ethical conduct, with business practices and principles of behavior that support this commitment. Accordingly, the Board has adopted a Code of Business Conduct, which is applicable to all of our directors, officers (including our principal executive officer and senior financial and accounting officers) and employees.

The Code of Business Conduct is available in the "Investors—Governance" section of our website at www.fabrinet.com. We will disclose on our website any amendments to the Code of Business Conduct, as well as any waivers, required to be disclosed by SEC or NYSE rules.

Majority Voting Policy in Uncontested Elections

The Board endorses the principle of using a majority voting standard for uncontested elections of directors. Accordingly, in an election of directors such as this one, a nominee who receives more "Withhold" votes than "For" votes is expected to promptly tender his or her resignation as a director to the Board for consideration.

After considering any information the Board deems appropriate, the Board will act to accept or reject each tendered director resignation. Any director who tenders a resignation under the majority voting policy may not participate in the action of the Board regarding whether to accept or reject his or her tender of resignation.

Board Leadership Structure

Our Corporate Governance Guidelines provide that the Board will fill the chairman and chief executive officer positions based upon what it believes is in our best interests at any point in time. Mr. Mitchell served in both positions until his retirement as chief executive officer in September 2017. We separated the two roles effective upon this transition, with Mr. Mitchell continuing as executive chairman of the Board from September 2017 until June 2018, and as a non-employee chairman of the Board beginning in June 2018. The Board believes that as our founder and having served as our chief executive officer from our inception until September 2017, Mr. Mitchell is in the best position to direct the focus and attention of the Board on the areas most relevant for us and our shareholders, as Mr. Mitchell is the most familiar with our business, industry and strategic priorities. In the role of chairman, Mr. Mitchell also is able to provide strong and valuable leadership for us both internally and externally.

In addition, our Corporate Governance Guidelines provide that if the chairman is not independent, the Board shall appoint a lead independent director. Mr. Olson has served as our lead independent director since January 2011. The lead independent director's duties include coordinating the activities of the independent and other non-employee directors, coordinating the agenda for and moderating sessions of the independent and other non-employee directors, and facilitating communications among the entire Board.

Our independent directors meet in executive session at each regularly scheduled meeting of the Board, and at such other times as necessary or appropriate as determined by the independent directors. Our lead independent director presides at such executive sessions of the Board.

Risk Oversight

As a part of its oversight function, the Board monitors management's processes for operating our business, including risk management. The Board's oversight of risk includes monitoring management's work to identify risks and manage risk parameters, including those relating to enterprise, financial, operational, information security, business and reputation risks. Together with its committees, the Board ensures that any material risks relevant to us or our business are identified, appropriately considered and addressed.

Our management team is responsible for day-to-day risk management. Management's responsibilities include identifying, evaluating and addressing potential risks that may exist at the enterprise, strategic, financial and operating levels and the development of processes for mitigating these risks, and the Board, together with its committees, oversees management in its execution of these responsibilities. At periodic meetings of the Board and its committees, and in other meetings and discussions, our management reports to and seeks guidance from the Board and its committees, as applicable, with respect to risks and other matters that could affect our business. In addition, our legal counsel provides reports of legal risks to the Board and its committees. Similarly, our chief financial officer provides reports to the Audit Committee concerning financial, tax and audit related risks. In addition, the Audit Committee receives periodic reports from management on our compliance programs and efforts, investment policy and practices.

The Board reviews the strategic, financial, operational and information security risks inherent in our business through its consideration of the various matters presented to the Board or its committees by management for review or approval. Furthermore, each board committee regularly reviews and evaluates various aspects of enterprise risk as part of its specific functions and responsibilities delegated by the Board. The Audit Committee considers risk in connection with its oversight of our financial review and reporting processes and regulatory and corporate compliance matters. In addition, the Audit Committee is responsible for the oversight and review of certain risk management policies, including our insurance, investment and business continuity policies. The Compensation Committee considers risk in connection with its oversight of the design and administration of our compensation policies, plans and programs. The Nominating & Corporate Governance Committee considers risk in connection with its oversight of our governance structure, policies and processes, including conflicts of interest (other than related party transactions reviewed by the Audit Committee).

We believe that the Board's role is consistent with our leadership structure, with our chief executive officer and management primarily responsible for enterprise risk management, and with the Board and its committees providing oversight of these efforts.

Information Security Risk Oversight and Management

Information security risk is a significant oversight focus area for the entire Board, which comprises five (of seven) independent directors. In addition, Mr. Kelly, an independent director and Chair of the Audit Committee, has significant information security risk oversight and management expertise, most recently as chief executive officer and president of IDX, a provider of software and services for cyber breach and identity fraud protection, from August 2017 to August 2022.

The Board provides oversight of management's review of our information security program and risk mitigation actions, which include information security policies,

procedures, training initiatives, and both internal and external audits. The Board receives quarterly briefings on these matters by our Vice President, Information Technology & Security, who has oversight responsibility for our information security team.

As part of our thorough approach to information security management, and to continue to avoid being subject to information security breach penalties or settlements, we engage external experts to regularly test and audit our information security program in addition to conducting our own internal testing and audits.

Contacting the Board of Directors

Shareholders and other interested parties who wish to communicate directly with our lead independent director may do so by sending an email to leadindependentdirector@fabrinet.com.

Communications received at this email address are automatically routed directly to our lead independent director.

Shareholders and other interested parties who wish to communicate with the Board may do so by sending an email to board@fabrinet.com or a written communication addressed to Fabrinet, c/o Fabrinet USA, Inc., 4900 Patrick Henry Drive, Santa Clara, CA 95054, Attention: Board of Directors.

Our legal counsel reviews all incoming communications from shareholders and other interested parties (except for communications sent directly to the lead independent director, mass mailings, product complaints or inquiries, job inquiries, business solicitations and patently offensive or otherwise inappropriate material) and, as appropriate, routes such communications to the appropriate member(s) of the Board, or if none is specified, to the chairman of the Board.

Director Independence

Our ordinary shares are listed on the NYSE. Pursuant to the NYSE listing standards, independent directors must comprise a majority of the Board, and each member of our Audit, Compensation and Nominating & Corporate Governance Committees must be independent. A director will only qualify as an "independent director" if he or she meets certain requirements and the Board determines that the director has no material relationship with Fabrinet (either directly or as a partner, shareholder or officer of an organization that has a relationship with Fabrinet).

The Board has reviewed the independence of each director and determined that each of Dr. Bahrami, Mr. Kelly, Ms. Knight, Dr. Levinson and Mr. Olson, representing five of our seven directors, is "independent" as that term is defined under the applicable rules and regulations of the SEC and the NYSE listing standards. In making these determinations, the Board considered the current and prior relationships that each non-employee director has with us and all other facts and circumstances the Board deemed relevant.

Audit Committee members must satisfy additional independence criteria set forth in Rule 10A-3 under the

Exchange Act. In order to be considered independent for purposes of Rule 10A-3, a member of the Audit Committee may not, other than in his or her capacity as a member of the Audit Committee, the Board, or any other board committee: (1) accept, directly or indirectly, any consulting, advisory, or other compensatory fee from us or any of our subsidiaries; or (2) be an affiliated person of us or any of our subsidiaries.

Compensation Committee members must satisfy additional independence criteria set forth under the NYSE listing standards. In order for a member of the Compensation Committee to be considered independent, the Board must consider all factors specifically relevant to determining whether a director has a relationship to us that is material to that director's ability to be independent from management in connection with the duties of a Compensation Committee member, including, but not limited to: (1) the source of compensation of such director, including any consulting, advisory, or other compensatory fee paid by us to such director; and (2) whether such director is affiliated with us, any of our subsidiaries, or an affiliate of any of our subsidiaries.

Board Meetings and Committees

We expect directors to attend and actively participate in Board and committee meetings. Each of our incumbent directors attended at least 75% of the total number of meetings of the Board and the committees on which he or she served during fiscal 2022.

Board/Committee	No. of Meetings in Fiscal 2022
Full Board	6
Audit	4
Compensation	4
Nominating & Corporate Governance	4
Total Meetings (all incumbent directors attended 100%)	18
Executive Sessions (independent directors meet without management present)	6

The Board has established an Audit Committee, a Compensation Committee and a Nominating & Corporate Governance Committee, each of which has the composition and responsibilities described below.

Audit Committee

The Audit Committee currently consists of Mr. Kelly (chair), Ms. Knight and Dr. Levinson, each of whom is independent under the NYSE listing standards and the rules and regulations of the SEC. The Board has determined that Mr. Kelly qualifies as an “audit committee financial expert” under the rules and regulations of the SEC and that each member of the Audit Committee meets the financial literacy requirements of the NYSE listing standards.

Among other responsibilities, the Audit Committee assists the Board in its oversight of (1) our accounting and financial reporting processes and internal controls, (2) the audit and integrity of our financial statements, (3) our compliance with legal and regulatory requirements, (4) the qualifications, independence and performance of our independent auditors, and (5) the performance of our internal audit function. The Audit Committee is also responsible for reviewing, approving and monitoring related party transactions, and reviewing cybersecurity and data security risks and mitigation strategies.

The Audit Committee report is included in this proxy statement on page [33](#).

Compensation Committee

The Compensation Committee currently consists of Dr. Bahrami, Dr. Levinson (chair) and Mr. Kelly, each of whom is independent under the NYSE listing standards and the rules and regulations of the SEC. In addition, the

Board has determined that Dr. Bahrami, Dr. Levinson and Mr. Kelly meet the requirements of the non-employee director definition of Rule 16b-3 promulgated under the Exchange Act and the outside director definition of Section 162(m) of the Internal Revenue Code.

Among other responsibilities, the Compensation Committee (1) oversees our compensation policies, plans, benefits programs, and overall compensation philosophy, (2) assists the Board in its oversight of executive compensation, (3) administers our incentive compensation and equity compensation plans, (4) prepares an annual report on executive officer compensation for inclusion in our annual proxy statement, and (5) assists the Board in its oversight of our policies and strategies related to people management.

The Compensation Committee report is included in this proxy statement on page [46](#).

Nominating & Corporate Governance Committee

The Nominating & Corporate Governance Committee currently consists of Dr. Bahrami (chair) and Mr. Olson, each of whom is independent under the NYSE listing standards and the rules and regulations of the SEC.

Among other responsibilities, the Nominating & Corporate Governance Committee (1) assists the Board in identifying prospective director nominees, (2) recommends candidates for election to the Board at each annual meeting of shareholders, (3) reviews and recommends updates to our corporate governance guidelines, as appropriate, (4) reviews and recommends directors to serve on each board committee, (5) oversees the annual evaluation of the Board and its committees, (6) monitors and reviews matters related to succession planning for our executive officers, and (7) oversees our environmental, social and governance programs.

The Nominating & Corporate Governance Committee will consider recommendations of candidates for election to the Board submitted by shareholders of Fabrinet. For more information, see “*Process for Recommending Candidates for Election to the Board of Directors*” below.

Committee Charters

The Audit, Compensation, and Nominating & Corporate Governance Committees each act in accordance with a written charter adopted by the Board. The committee charters are available in the “Investors—Governance” section of our website at www.fabrinet.com.

Attendance at Annual Meetings of Shareholders by the Board of Directors

Although we do not have a formal policy regarding attendance by members of the Board at our annual meeting of shareholders, we encourage, but do not

require, directors to attend. Six of our then current seven directors attended our 2021 annual meeting of shareholders.

Share Ownership Guidelines

To further align the interests of our executive officers and members of the Board with those of our shareholders, we have adopted share ownership guidelines for our executive officers and directors, which provide for a minimum ownership level equal to:

- chief executive officer – 6x annual base salary;
- other executive officers – 2x annual base salary; and
- directors – 3x annual Board retainer.

Executive officers and directors are expected to have met these ownership levels by August 2017 or, if appointed or elected after August 2012, within five years of their

appointment as an executive officer or election to the Board. Shares counted towards the minimum ownership levels include all shares beneficially owned by the executive officer or director and any unvested, non-performance-based restricted share units held by the executive officer or director. Except for Ms. Knight, who was appointed to the Board in January 2022 and has until January 2027 to meet the guidelines, and Mr. Grady, who is expected to achieve compliance with the guidelines in 2023, all of our executive officers and directors exceeded their respective share ownership guidelines based on the closing price per share of our ordinary shares on October 12, 2022.

Hedging Policy

Members of the Board and our officers, employees and consultants are prohibited from trading in derivative securities with respect to our securities, including put and

call options and other financial instruments whose value varies with the value of our ordinary shares. This prohibition also extends to short sales.

Compensation Committee Interlocks and Insider Participation

During fiscal 2022, Dr. Bahrami, Mr. Kelly and Dr. Levinson served as members of the Compensation Committee. None of the members of the Compensation Committee is or has in the past served as an officer or employee of Fabrinet. None of our executive officers serves as a

member of the board of directors or compensation committee of any entity that has one or more executive officers serving as a member of the Board or Compensation Committee.

Process for Recommending Candidates for Election to the Board of Directors

The Nominating & Corporate Governance Committee is responsible for, among other things, determining the criteria for membership to the Board, and recommending candidates for election to the Board. The Nominating & Corporate Governance Committee will consider recommendations from shareholders for candidates to serve on the Board.

There are no differences in the manner by which the Nominating & Corporate Governance Committee evaluates nominees for director based on whether the nominee is recommended by a shareholder or a member of the Board.

Shareholder Recommendations for Board Nominees

Shareholder recommendations for candidates to the Board must be directed in writing to our Corporate Secretary, c/o Fabrinet USA, Inc., 4900 Patrick Henry Drive, Santa Clara, CA 95054, and must include (1) the candidate's name, age, business address and residence address, (2) the candidate's principal occupation or employment, (3) the class and number of shares that are held of record or beneficially owned by the candidate and any derivative positions held or beneficially held by the candidate, (4) whether and the extent to which any

hedging or other transaction or series of transactions has been entered into by or on behalf of the candidate with respect to any of our securities, and a description of any other agreement, arrangement or understanding (including any short position or any borrowing or lending of our shares), the effect or intent of which is to mitigate loss to, or to manage the risk or benefit of share price changes for, or to increase or decrease the voting power of the candidate, (5) a description of all arrangements or understandings between the nominating shareholder and each candidate and any other person or persons pursuant to which the nominations are to be made by the nominating shareholder, (6) a written statement executed by the candidate acknowledging that as a director, the candidate will owe a fiduciary duty under Cayman Islands law with respect to Fabrinet and its shareholders, and (7) any other information relating to the candidate that would be required to be disclosed about such candidate if proxies were being solicited for the election of the candidate as a director, or that is otherwise required, in each case pursuant to Regulation 14A under the Exchange Act (including, without limitation, the candidate's written consent to being named in the proxy statement, if any, as a nominee and to serving as a director if elected).

Shareholder recommendations for candidates to the Board must also contain specified information about the shareholder proposing such nomination. For more information, please refer to our memorandum and articles of association, which may be obtained by writing to our Corporate Secretary, c/o Fabrinet USA, Inc., 4900 Patrick Henry Drive, Santa Clara, CA 95054, or by accessing Fabrinet's filings on the SEC's website at www.sec.gov.

Director Qualifications

The Nominating & Corporate Governance Committee will evaluate and recommend candidates for membership on the Board consistent with any criteria established by the committee. The consideration of any candidate for

director will be based on the committee's assessment of the individual's background, experience, skills and abilities, and if such characteristics qualify the individual to fulfill the needs of the Board at that time. While the Nominating & Corporate Governance Committee has not established specific minimum qualifications or a formal diversity policy for director candidates, the committee believes that candidates and nominees should reflect a board of directors that is predominately independent and that is comprised of directors who (1) are of high integrity, (2) have broad, business-related knowledge and experience, (3) have qualifications that will increase overall board effectiveness, (4) have diverse backgrounds and perspectives, and (5) meet other requirements as may be required by applicable rules, such as financial literacy or financial expertise with respect to Audit Committee members.

Identification and Evaluation of Director Nominees

The Nominating & Corporate Governance Committee uses a variety of methods for identifying and evaluating director nominees. The committee assesses the appropriate size and composition of the Board, the needs of the Board and its committees and the qualifications of candidates in light of these needs.

Candidates may come to the attention of the Nominating & Corporate Governance Committee through shareholders, management, current members of the Board or search firms. The evaluation of these candidates may be based solely upon information provided to the committee or may also include discussions with persons familiar with the candidate, an interview of the candidate or other actions the committee deems appropriate, including the use of third parties to review candidates.

ENVIRONMENTAL, SOCIAL AND GOVERNANCE (ESG) PRACTICES AND POLICIES

General

Fabrinet is committed to being a good corporate citizen in the communities in which we work and live. We maintain the highest ethical, safety, and environmental standards, and encourage our employees to assist us in meeting these standards. Because good corporate citizenship is essential to our success, we are committed to operating with integrity, contributing to the local communities surrounding our facilities, promoting diversity and inclusion in the workplace, developing our employees, and protecting the environment.

The Board, including through its committees, oversees our environmental, social and governance (“ESG”) efforts

and believes an integrated approach to our business strategy, corporate governance, and corporate citizenship creates long-term value for our stakeholders.

During our fiscal quarter ending December 30, 2022, we expect to publish our inaugural ESG Report, which will contain more information regarding our ESG practices and policies described below. The contents of our ESG Report are referenced for general information only and are not incorporated by reference in this proxy statement.

We conduct our business and manage our operations globally in a manner that protects the environment and meets or exceeds all applicable environmental laws, legislation and regulations. Social

We are a global company with strong ties to the local communities in which we operate. We value the overall well-being of our employees and promote the vitality of community and culture by working to build an inclusive and welcoming workplace.

COVID-19 Initiatives and Practices

During the COVID-19 pandemic, we instituted broad ranging measures to protect the health and welfare of our employees, including a policy of encouraging all employees worldwide to become vaccinated. Due in particular to the relatively low vaccination rate among the Thai population generally, these measures have included providing vaccine – free of charge – to all of our employees based in Thailand. **Thanks in large part to our vaccination program, we are proud to have a worldwide employee vaccination rate of over 99%.** We also provided resources and assistance to motorcycle taxi drivers in the community adjacent to our facilities in the Pathum Thani province of Thailand, including antigen testing, vaccinations, gloves, hand sanitizer, personal protective equipment and, in some cases, financial support.

In addition, we undertook the following initiatives at some or all of our facilities:

- work-from-home program instituted to increase social distancing, as well as to shield the vulnerable;
- sanitization of buses transporting employees;
- requirement that face masks be worn at all times, except while eating in socially distanced cafeterias;
- temperature and symptom checks at all entrances to buildings;
- limits on visitors to facilities;
- automation of doors and restroom faucets to decrease touchpoints;
- antigen testing of symptomatic personnel;
- contact-tracing within the factory, and antigen testing and quarantining of those identified as close contacts of infected individuals;
- company-funded medical hotline with physician;
- emergency vehicle transport for employees who test positive for the virus; and
- other employee support, emotional and otherwise, where necessary.

Although we recently lifted our face mask mandate and relaxed some of our social distancing requirements, we are prepared to reinstitute these measures, as well as any other precautions that may be warranted, in the event of future outbreaks of COVID-19.

Other Employee Welfare Initiatives

We also have the following practices and policies:

- company culture that promotes the highest standards of ethics and compliance for our business, including a Code of Business Conduct with principles to guide our employee, officer, and director conduct;
- employee career guidance and counseling (with established employee development and training opportunities);
- equal employment opportunity hiring practices and policies;
- anti-harassment policy that prohibits sexual harassment in any form, details how to report and respond to harassment issues, and strictly prohibits retaliation against any employee for reporting harassment;
- commitment to promoting an inclusive and diverse work environment;
- whistleblower hotline operated by an independent third party for confidential reporting;
- market competitive compensation and benefits;
- prohibition of child labor;
- Fabrinet Academy (our in-house education and training program for managerial, professional, and technical skills development);
- employee tuition reimbursement plan;
- discretionary and profit-sharing bonus plans;
- employee fitness center;
- "Happy Workplace" program, modeled after the World Health Organization's Healthy Workplaces framework and the International Labor Organization's Decent Work Agenda; and
- employee motherhood and parenting training.

Local Community Initiatives

In addition to providing COVID-19 related support to motorcycle taxi drivers in the community adjacent to our facilities in the Pathum Thani province of Thailand, we support our local communities in the following ways:

- “Maharaj” Orphanage benefactor (annual financial and administrative support, and employee volunteers); and
- free elderly health checks for local community residents (Thailand).

Workplace Safety

We demonstrate our commitment to workplace safety with the following policies and practices:

- strictly-enforced COVID-19 safety policies and procedures (global);
- compliance with the local labor laws and standards in all countries in which we operate; and
- compliance with the local workplace safety laws and regulations in all countries in which we operate.

Governance

We are committed to good corporate governance, including the following:

Shareholder Engagement Initiatives

- we consult with experts on the best compensation and governance practices;
- we regularly attend and participate in investor roadshows and conferences; and
- we reach out annually to our 25 largest shareholders, in advance of our annual shareholders' meeting, and invite them to provide feedback on our executive compensation and corporate governance practices by participating in conference calls with members of the Compensation Committee and the Nominating & Corporate Governance Committee.

Business Practices

- we have and enforce our Code of Business Conduct;
- we require our suppliers to agree to conduct their business practices in accordance with our Supplier Code of Conduct;
- we are a member of the Responsible Business Alliance and adhere to its code of conduct; and
- we have a conflict minerals sourcing policy that supports our efforts to enable a socially and environmentally responsible global supply chain.

PROPOSAL TWO: RATIFICATION OF APPOINTMENT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

General

The Audit Committee has appointed PricewaterhouseCoopers ABAS Ltd. and its network firm (“PwC”) as our independent registered public accounting firm for our fiscal year ending June 30, 2023. Although ratification by shareholders is not required by any applicable legal requirements, the Board has determined it is desirable to request ratification of this selection by our shareholders. Notwithstanding its selection, the Audit Committee, in its discretion, may appoint a new independent registered public accounting firm at any time during the year if the Audit Committee believes that such a change would be in the best interests of Fabrinet and its shareholders. If our shareholders do not ratify the appointment of PwC, the Audit Committee may reconsider its selection.

A representative of PwC is expected to be present at the meeting, will have the opportunity to make a statement if he or she desires to do so, and is expected to be available to respond to appropriate questions.

Recommendation of the Board of Directors

The Board recommends a vote “FOR” the ratification of the appointment of PwC as Fabrinet’s independent registered public accounting firm for Fabrinet’s fiscal year ending June 30, 2023.

Accounting Fees

The following table presents fees paid or accrued by Fabrinet for audit and other services rendered by PwC for fiscal 2022 and fiscal 2021.

	Fiscal 2022	Fiscal 2021
Audit Fees ⁽¹⁾	\$1,671,166	\$1,611,228
Audit-Related Fees	—	—
Tax Fees ⁽²⁾	—	3,772
All Other Fees ⁽³⁾	34,728	9,756
Total	\$1,705,894	\$1,624,756

(1) Audit Fees consist of fees for professional services provided in connection with the audit of our annual consolidated financial statements, the review of our quarterly consolidated financial statements, and audit services that are normally provided by the independent registered public accounting firm in connection with statutory and regulatory filings or engagements for those fiscal years, such as statutory audits, as well as out of pocket expenses.

(2) Tax fees consist of fees for international tax consulting services.

(3) All other fees consist of fees for providing consent letters, accounting research software and accounting advisory services during the fiscal year.

Pre-Approval of Audit and Non-Audit Services

Pursuant to its charter, the Audit Committee is required to (1) review and approve, in advance, the scope and plans for all audits and audit fees and (2) approve, in advance, all non-audit services to be performed by our independent auditors.

All services and fees of PwC were pre-approved by the Audit Committee.

PROPOSAL THREE: ADVISORY VOTE TO APPROVE COMPENSATION PAID TO NAMED EXECUTIVE OFFICERS

General

In accordance with SEC rules, we are providing our shareholders with the opportunity to vote to approve, on an advisory or non-binding basis, the compensation of our named executive officers (“NEOs” or “Named Officers”) as disclosed in this proxy statement in accordance with rules of the SEC. This proposal, commonly known as a “say-on-pay” proposal, gives our shareholders the opportunity to express their views on our Named Officers’ compensation as a whole. This vote is not intended to address any specific item of compensation or any specific Named Officer, but rather the overall compensation of all of our Named Officers and the compensation philosophy, policies and practices described in this proxy statement. We currently hold our say-on pay vote every year.

While this advisory vote to approve executive compensation is non-binding, it will provide information to us regarding investor sentiment about our executive compensation philosophy, policies and practices, which the Compensation Committee will be able to consider when making future executive compensation decisions. The Board and the Compensation Committee value the opinions of shareholders and, to the extent there is any significant vote against the Named Officer compensation as disclosed in this proxy statement, will endeavor to

communicate with shareholders to better understand the concerns that influenced the vote, consider those shareholders’ concerns and evaluate whether any actions are necessary to address those concerns.

We urge shareholders to read the “*Executive Compensation*” section of this proxy statement, and in particular the information discussed under the heading “*Executive Compensation—Compensation Discussion and Analysis*,” which describes in more detail how our executive compensation policies and procedures operate and are designed to achieve our compensation objectives. We believe that our executive compensation program is working to ensure management’s interests are aligned with our shareholders’ interests to support long-term value creation. Accordingly, pursuant to Section 14A of the Exchange Act, you are being asked to vote “FOR” the following resolution at the Annual Meeting:

“RESOLVED, that Fabrinet’s shareholders approve, on an advisory basis, the compensation of Fabrinet’s named executive officers, as disclosed in Fabrinet’s Proxy Statement for the 2022 Annual Meeting of Shareholders pursuant to the executive compensation disclosure rules of the Securities and Exchange Commission, including the Compensation Discussion and Analysis, the compensation tables, and related narrative disclosures.”

Recommendation of the Board of Directors

The Board recommends a vote “FOR” the approval, on an advisory basis, of the compensation paid to our Named Officers.

AUDIT COMMITTEE REPORT

The Audit Committee assists the Board in fulfilling its responsibilities for oversight of the integrity of our financial statements, our internal accounting and financial controls, our compliance with legal and regulatory requirements, the organization and performance of our internal audit function and the qualifications, independence and performance of our independent registered public accounting firm.

Our management is responsible for establishing and maintaining internal controls and preparing our consolidated financial statements. The independent registered public accounting firm is responsible for auditing the financial statements. It is the responsibility of the Audit Committee to oversee these activities.

The Audit Committee has:

- Reviewed and discussed the audited financial statements with management and with PricewaterhouseCoopers ABAS Ltd., our independent registered public accounting firm;
- Discussed with PricewaterhouseCoopers ABAS Ltd. the matters required to be discussed by the applicable requirements of the Public Company Accounting Oversight Board (the "PCAOB") and the SEC; and
- Received the written disclosures and the letter from PricewaterhouseCoopers ABAS Ltd. required by applicable requirements of the PCAOB regarding PricewaterhouseCoopers ABAS Ltd.'s communications with the Audit Committee concerning independence and has discussed with PricewaterhouseCoopers ABAS Ltd. its independence.

Based upon these discussions and review, the Audit Committee recommended to the Board that the audited financial statements be included in our Annual Report on Form 10-K for the fiscal year ended June 24, 2022, for filing with the SEC.

Respectfully submitted by the members of the Audit Committee of the Board of Directors.

Darlene S. Knight

Csaba Sverha has served as our executive vice president, chief financial officer since February 2020. Previously, he was our vice president of operations finance from March 2018 to February 2020. From 2005 to March 2018, Mr. Sverha held various finance roles of

increasing responsibility at Sanmina Corporation, an electronics manufacturing services company. During his thirteen-year tenure at Sanmina, he assumed site level as well as regional and global finance roles, most recently serving as vice president finance & controller, Mechanical Systems Division, from December 2017 to March 2018. Prior to that, Mr. Sverha served as controller with Benetton Hungary (United Colors of Benetton). Prior to joining Benetton, Mr. Sverha held junior finance analyst and controller positions with Flex in Hungary. Mr. Sverha holds a Master's Degree in Agricultural Economics and Management from the Szent Istvan University, Godollo Hungary (SZIU).

Edward T. Archer has served as our executive vice president, sales & marketing since January 2019. Prior to joining Fabrinet, Mr. Archer was the senior vice president of sales for the Integrated Manufacturing Services Division of Sanmina Corporation from October 2014 to December 2018. He is a thirty-year veteran of the electronics industry, with broad sales and marketing experience in technical services, products and electronic manufacturing services. He began his career in sales leadership roles at Future Electronics, Wyle Electronics and Arrow Electronics, followed by nine years at Altera Corporation (now Intel) as its regional sales director for both FPGA and ASIC products. Mr. Archer earned a bachelor of science degree in industrial technology (technical marketing) from California Polytechnic State University.

EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

This section contains a discussion of the material elements of compensation awarded to, earned by or paid to our principal executive officer, principal financial officer, and the other individuals included in the "Summary Compensation Table" beginning on page 47. We refer to these individuals as our "NEOs" or "Named Officers" in this proxy statement. For fiscal 2022, our Named Officers were:

- Seamus Grady, Chief Executive Officer ("CEO");

- Dr. Harpal S. Gill, President and Chief Operating Officer ("COO");
- Csaba Sverha, Executive Vice President, Chief Financial Officer ("CFO"); and
- Edward T Archer, Executive Vice President, Sales & Marketing.

Shareholder Engagement Following Recent Say-on-Pay Votes

We are committed to maintaining an active dialogue to understand the priorities and concerns of our shareholders and believe that ongoing engagement builds mutual trust and understanding with our shareholders. We have conducted shareholder outreach annually since 2016 and have provided shareholders with an annual say-on-pay advisory vote on compensation of our named executive officers since 2012.

Most recently, in November 2021, the Compensation Committee solicited the views of 25 of our then largest shareholders, representing approximately 77% of our shares outstanding as of October 31, 2021. Following this outreach and prior to our 2021 annual meeting of shareholders, the Compensation Committee had discussions with those shareholders that responded to the outreach, which investors represented approximately 23% of our shares outstanding as of October 31, 2021, including eight of our 25 then largest shareholders.

We are very pleased that our shareholders have expressed their continued support of our compensation practices every year since 2016, with approximately 99%, 81%, 94% and 97% of the shares present and entitled to vote at our 2021, 2020, 2019 and 2018 annual meetings of shareholders, respectively, being voted in favor of our executive compensation as disclosed in our proxy statements for those years.

The Compensation Committee plans to continue its practice of shareholder outreach regarding our executive compensation practices by again soliciting the views of institutional shareholders representing more than 75% of our shares outstanding as of October 31, 2022, including our ten largest shareholders as of that date. The Compensation Committee expects to contact such shareholders between the filing of this proxy statement and the date of the Annual Meeting.

Recent Say-on-Pay Votes

Fiscal 2022 Compensation Decisions

In light of the results of our recent say-on-pay votes and the feedback received from shareholders, the Compensation Committee maintained a similar overall design and continued to enhance the link between executive pay and longer-term company performance when it approved in August 2021 our executive compensation program for fiscal 2022, as summarized below.

Compensation Element	Decision	Weighting of Performance Measures
Base salary	<ul style="list-style-type: none"> ▶ CEO's annual base salary increased by 19.2%, as compared to fiscal 2021 (a year in which he did not receive a raise) ▶ Other NEO annual base salaries increased by 2.0% to 6.4%, as compared to fiscal 2021 	N/A
Short-term cash incentive (Fiscal 2022 Bonus Plan)	<ul style="list-style-type: none"> ▶ CEO's target cash bonus opportunity increased to 133% of annual base salary, as compared to 125% of annual base salary for fiscal 2021 ▶ CFO's target cash bonus opportunity increased to 85% of annual base salary, as compared to 75% of annual base salary for fiscal 2021 ▶ Maximum cash bonus opportunity for exceeding the target performance criteria was increased to 120% of each NEO's target bonus opportunity (as compared to fiscal 2021, when the maximum bonus opportunity was equal to the target bonus opportunity) 	<ul style="list-style-type: none"> ▶ Bonuses were payable after the end of fiscal 2022 as follows: <ul style="list-style-type: none"> • 50% based on achievement of a fiscal 2022 revenue metric • 50% based on achievement of a fiscal 2022 non-GAAP operating margin metric ▶ Minimum performance threshold for each metric was 90% of the target for such metric ▶ Maximum bonus opportunity was 120% of target bonus opportunity ▶ Achievement of a metric at a level between 90% and 100% of the applicable target metric would result in a payout scaled linearly from 20% to 100% of the target bonus opportunity ▶ Achievement of a metric at a level between 100% and 105% of the applicable target metric would result in a payout scaled linearly from 100% to 120% of the target bonus opportunity ▶ No individual performance component
Long-term equity incentive (PSUs and RSUs)	<ul style="list-style-type: none"> ▶ PSUs have challenging two-year cumulative performance and "stretch" performance goals ▶ RSUs vest annually over three years ▶ Equity grants for all NEOs weighted heavily toward performance: 67% PSUs and 33% RSUs 	<ul style="list-style-type: none"> ▶ The number of PSUs earned and eligible to vest will be determined after a two-year performance period as follows: <ul style="list-style-type: none"> • 50% based on achievement of cumulative fiscal 2022 and fiscal 2023 revenue goals • 50% based on achievement of cumulative fiscal 2022 and fiscal 2023 non-GAAP operating margin goals ▶ Any earned PSUs will vest in full on the date the Compensation Committee certifies achievement of the performance criteria

Positive Compensation Practices

We monitor trends and developments in compensation practices to enhance the effectiveness of our compensation philosophy and have adopted the following:

- our executive officers' cash and equity incentive compensation is subject to a claw back;
- we have a practice of granting long-term equity to our executive officers that is based, in part, on Fabrinet achieving financial performance goals over a two-year performance period;
- we maintain share ownership guidelines for our executive officers and directors;
- our employees (including our executive officers) and directors are prohibited from margining, short-selling or pledging our securities, or trading in derivative securities;
- we hold an annual shareholder advisory vote on executive compensation; and
- our 2020 Equity Incentive Plan (the "**2020 Plan**") contains the following features:
 - we are prohibited from instituting any program to reprice or exchange equity awards for awards with a lower exercise price without shareholder approval;
 - we are prohibited from "recycling" shares, which means that any shares subject to a grant are counted against the share limit in the plan and may not subsequently be re-granted, even if the shares are forfeited, expired or exchanged;
 - all awards under the plan are subject to the participant's continued employment or other service with us and vest over a four-year period, unless otherwise set forth in the award agreement;
 - we are prohibited from paying dividends with respect to an award prior to the vesting of such award;
 - we are prohibited from granting awards that may vest or become exercisable earlier than one year after such award is granted, except that awards up to a maximum of five percent (5%) of the total shares reserved and available for grant and issuance under the plan may be granted without regard to such minimum one year vesting requirements; and
 - we are prohibited from accelerating the vesting of an award before the one year anniversary of the award's grant date, except in connection with death, disability, termination of employment, reaching retirement age or an event that triggers the plan's provisions relating to assumption and termination of awards.

Executive Compensation Program Objectives and Overview

Our executive compensation programs are intended to achieve three fundamental objectives: (1) attract, retain and motivate qualified executives; (2) hold executives accountable for short-term and long-term performance; and (3) align executives' interests with the interests of our shareholders. In structuring and designing our executive compensation programs, we are guided by the following basic philosophies:

- *Competition.* We should provide competitive compensation opportunities with respect to our industry so we can attract, retain and motivate qualified executives.
- *Alignment with Shareholder Interests.* A substantial portion of compensation should be contingent on our performance for our shareholders, to align the interests of executives with the interests of our shareholders and to hold the executives accountable for our performance.

The material elements of our executive compensation programs for our Named Officers include a base salary, short-term cash incentive awards and long-term equity incentive awards. In addition, our Named Officers may participate in our 401(k) plan and employee benefit programs on substantially the same terms as our other employees. Our Named Officers also are entitled to certain perquisites and personal benefits and, in some cases, are entitled to severance benefits upon certain terminations of their employment with us. We believe each element of our executive compensation program helps us to achieve one or more of our compensation objectives. Taken together, the compensation elements are intended to provide a total compensation package for each Named Officer that is competitive.

The table below lists each material element of our executive compensation program and the compensation objective or objectives it is designed to achieve.

Compensation Element	Compensation Objectives Designed to be Achieved
Base salary	▶ Attract, retain and motivate qualified executives.
Short-term cash incentives	▶ Align executives' interests with those of shareholders; ▶ Hold executives accountable for our performance; and ▶ Attract, retain and motivate qualified executives.
Long-term equity incentives	▶ Align executives' interests with those of shareholders; ▶ Hold executives accountable for our performance; and ▶ Attract, retain and motivate qualified executives.
Perquisites and personal benefits	▶ Attract, retain and motivate qualified executives.
Severance and other benefits upon termination of employment	▶ Attract, retain and motivate qualified executives.

Role and Authority of the Compensation Committee

The Compensation Committee currently consists of Dr. Levinson (chair), Dr. Bahrami and Mr. Kelly, each of whom is "independent" within the meaning of NYSE rules. In addition, the Board has determined that Dr. Levinson, Dr. Bahrami and Mr. Kelly meet the requirements of the non-employee director definition of Rule 16b-3 promulgated under the Exchange Act and the outside director definition of Section 162(m) of the Internal Revenue Code. Dr. Levinson has served as chair of the Compensation Committee since November 2011, Dr. Bahrami has served as a member of the Compensation Committee since May 2019, and Mr. Kelly has served as a member of the Compensation Committee since December 2015. No Compensation Committee member is a former or current officer or employee of Fabrinet or any of its subsidiaries. The Compensation Committee meets at least quarterly, and members of the Compensation Committee serve at the discretion of the Board.

The Compensation Committee is responsible for overseeing our compensation policies and goals and administering our equity compensation plans and executive incentive plan, including approving target and actual bonuses under our executive incentive plan. Additionally, the Compensation Committee is responsible for reviewing and approving the compensation of our chief executive officer and other Named Officers. The Compensation Committee's role is detailed in its charter, which is available in the "Investors—Governance" section of our website at www.fabrinet.com.

Pursuant to its charter, the Compensation Committee may delegate its authority to grant awards under Fabrinet's incentive compensation or other equity-based plans, except with respect to awards to executive officers and directors. The Compensation Committee has not delegated any of its authority with respect to equity award grants under the 2020 Plan or with respect to any component of the compensation of our Named Officers.

Role of the Independent Compensation Consultant

The Compensation Committee has the authority, in its sole discretion, to engage the services of outside consultants to assist it in making decisions regarding the establishment of our compensation programs and philosophy. The Compensation Committee also may obtain advice and assistance from internal or external legal, accounting or other advisors. For fiscal 2022, the Compensation Committee retained Compensia, Inc. ("**Compensia**"), a national compensation consulting firm, to provide independent compensation consulting services. If requested by the Compensation Committee, a representative of Compensia attends meetings of the Compensation Committee. However, the Compensation Committee did not request Compensia to attend any of its meetings held during fiscal 2022.

Although Fabrinet pays Compensia's fees, Compensia reports directly to the Compensation Committee, and the Compensation Committee retains the authority to hire or fire Compensia and any other consultant or advisor.

Compensia does not provide any services to us other than the services provided to the Compensation Committee. The Compensation Committee has assessed the independence of Compensia taking into account, among other things, the factors set forth in Exchange Act Rule 10C-1 and the listing standards of the NYSE, and has concluded that no conflict of interest exists with respect to the work that Compensia performs for the Compensation Committee.

During fiscal 2022, Compensia provided the Compensation Committee with a blend of peer group proxy data and other market data, as discussed below, to assist the Compensation Committee in evaluating the competitiveness of our executive compensation and non-employee director compensation programs. Compensia also advised the Compensation Committee on general compensation trends in the industry among similarly situated companies.

Role of Executive Officers in Compensation Decisions

In carrying out its responsibilities, the Compensation Committee works with members of our management team, including our CEO and CFO. Typically, our management team assists the Compensation Committee in the execution of its responsibilities by providing information on corporate and individual performance and management's perspective and recommendations on compensation matters.

Our CEO made recommendations to the Compensation Committee regarding fiscal 2022 executive compensation

matters. At the request of the Compensation Committee, our CEO and CFO occasionally participate in meetings of the Compensation Committee, except with respect to decisions involving their own compensation. While the Compensation Committee solicits the recommendations and proposals of our CEO and CFO with respect to executive compensation matters, these recommendations and proposals are only one factor in the Compensation Committee's decision-making process.

Fiscal 2022 Peer Group and Other Market Data

To assist the Compensation Committee in evaluating whether our executive compensation practices for fiscal 2022 were competitive and consistent with the Compensation Committee's executive compensation program objectives, Compensia provided the Committee with compensation data (the "**Blended Market Data**") consisting of an equal blend of (1) proxy statement data (where available) from our fiscal 2022 peer group, and (2) proprietary survey data from publicly traded high-tech companies with annual revenues between \$750 million and \$2.5 billion.

The Compensation Committee used the Blended Market Data to compare our Named Officers' base salary, target cash incentive opportunity, target total cash compensation, equity compensation and total direct compensation against the 25th, 50th and 75th percentiles of the same categories of compensation for executives

holding positions comparable (where possible) to the positions of our Named Officers. However, the Compensation Committee does not benchmark or apply specific formulas to determine adjustments to our Named Officers' base salary, target cash incentive opportunity, target total cash compensation, equity compensation or total direct compensation.

The specific criteria for selection into our peer group are set annually by the Compensation Committee. When our peer group is reviewed each year, companies may be removed for failure to meet the selection criteria, or new companies may be added as necessary to ensure a significant sample size of companies. In selecting a peer group, the Compensation Committee considers companies that, in its view, compete with us for talent and have financial or other organizational metrics generally similar to ours. Accordingly, our peer group includes a

blend of businesses classified as providing electronic equipment, instruments or components, communications equipment, or electronic manufacturing services.

The selection criteria for our fiscal 2022 peer group included 12-month trailing revenue and market capitalization. Our 12-month trailing revenue and market capitalization were in the 42nd and 46th percentiles, respectively, of our fiscal 2022 peer group at the time the Compensation Committee selected the group. Compensia gathered data on the compensation practices of the companies in our fiscal 2022 peer group through publicly available information, where available.

Our fiscal 2022 peer group, as approved by the Compensation Committee and set forth in the table below, was the same as our fiscal 2021 peer group, except for the removal of seven companies (AVX Corporation, CTS Corporation, IPG Photonics Corporation, Jabil Inc., MTS Systems, NETGEAR, Inc. and TTM Technologies, Inc.) and the addition of six companies (Belden Inc., Itron, Inc., National Instruments Corporation, Ribbon Communications Inc., Viasat, Inc. and Vishay Intertechnology, Inc.).

Executive Compensation Program Elements

Base Salaries

We provide a base salary to our executive officers and other employees to compensate them for services rendered on a day-to-day basis. Following the end of each fiscal year, the Compensation Committee typically reviews and determines whether to adjust executive base salaries on the basis of each executive officer's level of responsibility, qualifications, experience, past performance and expected future contributions. The Compensation Committee also considers whether executive base salaries are competitive as compared to salary practices gathered from the Blended Market Data.

In fiscal 2022, the Compensation Committee reviewed the salary component of the Blended Market Data and considered each executive officer's past performance and expected future contributions, changes in each executive officer's responsibilities and organizational

changes. As a result of its review, the Compensation Committee approved fiscal 2022 annual base salaries for Named Officers as set forth in the table below.

The Compensation Committee determined it was appropriate to increase Mr. Grady's fiscal 2022 annual base salary by approximately 19.2% to bring his annual base salary closer to the 75th percentile of the Blended Market Data, in recognition of his performance during fiscal 2021, as a retention tool and after taking into account that Mr. Grady did not receive a raise in fiscal 2021. The Compensation Committee determined it was appropriate to increase Mr. Sverha's fiscal 2022 annual base salary by approximately 6.4% to bring his annual base salary closer to the 50th percentile of the Blended Market Data, in recognition of his performance during fiscal 2021 and as a retention tool.

Name	Fiscal 2021 Annual Base Salary	Fiscal 2022 Annual Base Salary	% Change
Mr. Grady	\$860,000	\$1,025,000	19.2%
Dr. Gill	\$990,000	\$1,010,000	2.0%
Mr. Sverha	\$470,000	\$500,000	6.4%
Mr. Archer	\$450,000	\$460,000	2.2%

Short-Term Cash Incentive Awards

Our annual cash incentive plan provides our Named Officers with the ability to receive cash incentive awards based on company financial performance, with performance targets and payouts under the plan determined each fiscal year as follows:

- payouts are based 50% on achievement of a fiscal year revenue metric and 50% on achievement of a fiscal year non-GAAP operating margin metric, with achievement of each financial metric considered independently from the other;
- performance targets are equal to our annual operating plan targets, which the Compensation Committee believes should be realistic and achievable;
- the minimum performance threshold for each metric is 90% of the target for such metric;
- the maximum bonus opportunity is 120% of the target bonus opportunity;
- achievement of a financial metric at a level between 90% and 100% of the applicable target financial metric results in a payout scaled linearly from 20% to 100% of the target bonus opportunity for that metric; and
- achievement of a financial metric at a level between 100% and 105% of the applicable target financial metric would result in a payout scaled linearly from 100% to 120% of the target bonus opportunity for that metric.

By basing a substantial portion of our Named Officers' total cash compensation on achievement of financial goals designed to drive shareholder value, our annual cash incentive plan is intended to align our Named Officers' interests with the interests of our shareholders.

In August 2021, the Compensation Committee approved our cash incentive plan for fiscal 2022 (the "Fiscal 2022

Bonus Plan") and determined the target bonus opportunity for each Named Officer under the plan after considering the Blended Market Data provided by Compensia, evaluated against other criteria, including the Named Officer's functional responsibilities and ongoing duties. The Compensation Committee determined it was appropriate to increase Mr. Grady's and Mr. Sverha's target bonus opportunities to 133% and 85%, respectively, of their annual base salaries (as compared to 125% and 75%, respectively, of their annual base salaries under our fiscal 2021 cash incentive plan) to bring their target cash bonus opportunities closer to the 75th percentile of the Blended Market Data, in recognition of their performance during fiscal 2021 and as a retention tool. In structuring the Fiscal 2022 Bonus Plan, the Compensation Committee also provided for a maximum bonus opportunity equal to 120% of a Named Officer's target bonus opportunity because the committee determined that it was appropriate to incentivize and reward financial performance that exceeded our annual operating plan targets.

The revenue and non-GAAP operating margin targets under the Fiscal 2022 Bonus Plan were the same as the corresponding targets under our fiscal 2022 annual operating plan. The Compensation Committee chose revenue and non-GAAP operating margin performance goals because it believes that these goals constitute important, key performance metrics that significantly can impact our business success. Achievement of a target bonus payout under the Fiscal 2022 Bonus Plan would have required high levels of corporate performance that the Compensation Committee believed were realistic and achievable.

The achievement targets and actual year-end attainment under the Fiscal 2022 Bonus Plan were as follows (\$ in millions):

Performance Metric	Weight	Minimum Threshold ⁽¹⁾	Target ⁽²⁾	Maximum ⁽³⁾	Actual Performance	Actual Performance (% of Target)
Revenue	50%	\$1,890.0	\$2,100.0	\$2,205.0	\$2,262.2	108%
Non-GAAP Operating Margin ⁽⁴⁾	50%	8.5%	9.5%	9.98%	10.3%	109%

(1) Below this amount, no bonuses would have been earned with respect to the applicable performance metric.

(2) Achievement of this goal would have resulted in a payout at 100% of a participant's target bonus opportunity for the applicable performance metric.

(3) Represents 105% of the applicable target performance goal. Achievement of this goal would have resulted in a maximum payout at 120% of a participant's target bonus opportunity for the applicable performance metric.

(4) Non-GAAP operating margin excluded share-based compensation expenses, depreciation of fair value uplift, expenses related to reduction in workforce, amortization of intangibles, and severance payments, as shown on **Appendix A**.

In August 2022, consistent with our executive compensation philosophy and commitment to pay for performance, the Compensation Committee determined that maximum bonuses would be awarded to our Named Officers under the Fiscal 2022 Bonus Plan.

The following table describes the target, maximum and actual bonus amounts for each of our Named Officers under the Fiscal 2022 Bonus Plan.

Name	FY22 Target Bonus Opportunity	FY22 Target Bonus Opportunity (% of Salary)	FY22 Maximum Bonus Opportunity	FY22 Maximum Bonus Opportunity (% of Salary)	FY22 Actual Bonus	FY22 Actual Bonus (% of Target Bonus Opportunity)
Mr. Grady	\$1,365,000	133%	\$1,638,000	160%	\$1,638,000	120%
Dr. Gill	\$1,325,000	131%	\$1,590,000	157%	\$1,590,000	120%
Mr. Sverha	\$ 425,000	85%	\$ 510,000	102%	\$ 510,000	120%
Mr. Archer	\$ 370,000	80%	\$ 444,000	97%	\$ 444,000	120%

Long-Term Equity Incentive Awards

Our equity incentive plans are a critical component of the compensation program that we believe incentivizes our executive officers and key employees to focus on building shareholder value through meeting long-term financial and strategic goals. We currently grant RSUs and PSUs to our executive officers under the 2020 Plan. Prior to the approval of the 2020 Plan by shareholders in December 2019, we granted RSUs and PSUs to our executive officers under our 2010 Performance Incentive Plan. We also adopted our 2017 Inducement Equity Incentive Plan in November 2017 solely for the granting of inducement share options and other equity awards to new employees. RSUs function as a retention incentive for our executives as they generally vest annually over a three or four-year period after the date of grant, subject to the executive's continued service with us.

In furtherance of our commitment to the executive compensation program's philosophy to pay for performance and to help align more closely the interests of our executive officers with those of our shareholders and consistent with the practice it adopted in August 2016, the Compensation Committee granted PSUs to our Named Officers in August 2021 that will be earned, if at all, following a cumulative 2-year performance period covering fiscal 2022 and fiscal 2023. Any earned PSUs

will vest in full on the date the Compensation Committee certifies achievement of the performance criteria described below. The Compensation Committee also granted time-based RSUs to our Named Officers in fiscal 2022.

For fiscal 2022, equity award grants to our Named Officers were weighted heavily toward performance, as shown in the table below.

Name	% of Fiscal 2022 Equity Awards That Are Performance-Based (PSUs)	% of Fiscal 2022 Equity Awards That Are Time-Based (RSUs)
Mr. Grady	67%	33%
Dr. Gill	67%	33%
Mr. Sverha	67%	33%
Mr. Archer	67%	33%

The Compensation Committee believes that this mix of performance-based awards and service-based awards was appropriate to emphasize and more closely align pay with the achievement of important, key performance metrics that significantly can impact our business success.

The Compensation Committee bases long-term equity incentive award grants to executives on a number of factors, including the Blended Market Data provided by Compensia, the executive's vested and unvested equity holdings, the executive's position and total compensation package, and the executive's contribution to the success

of our financial performance. In August 2020, the Compensation Committee granted the following dollar value (assuming achievement of the highest level of performance conditions where applicable) of RSUs, PSUs and "stretch" PSUs ("**Stretch PSUs**") to our Named Officers:

Name	Grant Date Value of RSUs	Maximum Grant Date Value of PSUs	Maximum Grant Date Value of "Stretch" PSUs
Mr. Grady	\$2,399,938	\$2,399,938	\$2,399,938
Dr. Gill	\$1,499,986	\$1,499,986	\$1,499,986
Mr. Sverha	\$ 799,912	\$ 799,912	\$ 799,912
Mr. Archer	\$ 699,973	\$ 699,973	\$ 699,973

The RSUs granted to our Named Officers in fiscal 2022 will vest in equal annual installments over a period of three years on each anniversary of the grant date, subject to the individual's continued service with us through each such vesting date.

The PSUs and Stretch PSUs will vest, if at all, following a 2-year performance period, on the date the Compensation Committee certifies achievement of the applicable performance criteria set forth below, subject to the individual's continued service with us through such vesting date.

Vesting of the PSUs will be based 50% on achievement of a cumulative fiscal 2022 and fiscal 2023 revenue goal (the "**PSU Revenue Target**") and 50% on achievement of a cumulative fiscal 2022 and fiscal 2023 non-GAAP operating margin goal (the "**PSU Operating Margin Target**"). The Compensation Committee chose these performance goals because it believes that these constitute important, key performance metrics that significantly can impact our business success. As achievement of each financial goal is considered independently from the other, we must meet a threshold for each goal in order for an individual to receive any credit for that goal. If we achieve 100% or more of a target financial goal, the PSUs will vest as to 100% of the PSUs allocated to that financial goal. If we achieve a threshold performance level of 90% of a target financial goal, the PSUs will vest as to 20% of the PSUs allocated to that financial goal. Achievement of the PSU Revenue Target or the PSU Operating Margin Target at a level between 90% and 100% will result in a number of shares vesting for the applicable goal that is scaled from 20% to 100% of the PSUs allocated to that goal in a linear fashion.

Vesting of the Stretch PSUs will be based 50% on achievement of a cumulative fiscal 2022 and fiscal 2023 revenue goal that is 5% higher than the PSU Revenue Target (the "**Stretch PSU Revenue Target**") and 50% on achievement of a cumulative fiscal 2022 and fiscal 2023

non-GAAP operating margin goal that is 5% higher than the PSU Operating Margin Target (the "**Stretch PSU Operating Margin Target**"). As achievement of each financial goal is considered independently from the other, we must meet a threshold for each goal in order for an individual to receive any credit for that goal. If we achieve 100% or more of a target financial goal, the Stretch PSUs will vest as to 100% of the Stretch PSUs allocated to that financial goal. Achievement of the Stretch PSU Revenue Target at a level between its threshold PSU Revenue Target and 100% will result in a number of shares vesting for that goal that is scaled from 0% to 100% of the Stretch PSUs allocated to that goal in a linear fashion. Achievement of the Stretch PSU Operating Margin Target at a level between its threshold PSU Operating Margin Target and 100% will result in a number of shares vesting for that goal that is scaled from 0% to 100% of the Stretch PSUs allocated to that goal in a linear fashion. **We must exceed the PSU Revenue Target or the PSU Operating Margin Target in order for any of the Stretch PSUs to vest. There is no overlap between the performance measures for PSUs and Stretch PSUs.**

Perquisites and Personal Benefits

We provide our Named Officers with certain perquisites and personal benefits because we believe that such benefits are a tax-advantaged way to provide our Named Officers with additional annual compensation that supplements their annual base salaries. We do not establish the value of each Named Officer's perquisites and personal benefits in a vacuum or as some form of compensation "add on." Instead, we view the value of the perquisites as another component of annual compensation that is merely paid in a different form. When determining each Named Officer's base salary, we take the value of each Named Officer's perquisites and personal benefits into consideration.

We provide certain benefits and allowances to our international assignees, including our Named Officers,

which include housing and transportation allowances, living and travel expense reimbursements and tax preparation services. Consistent with the policy we have adopted with respect to all U.S. citizens who are working on our behalf in Asia on an expatriate basis, we pay such employees a tax equalization payment that is intended to put the employee in the same position, from a tax-liability perspective, that he or she would be in if they were still located in the United States. Of our Named Officers, Dr. Gill and Mr. Sverha received a tax equalization payment in fiscal 2022 because each qualified for such benefit under the policy.

In addition, in October 2014, the Compensation Committee approved the payment of additional cash compensation to Dr. Gill in the amount of 20% of his then-current annual base salary, determined and payable bi-monthly, with a tax gross-up (the "**Foreign Service Premium Pay**"), to incentivize him to continue working for us in Thailand and to ameliorate the resulting hardship to his family who is located in the United States. The Foreign Service Premium Pay is payable for as long as Dr. Gill is required to, and does, temporarily reside and work in Thailand.

Dr. Gill receives a family travel allowance of \$25,000 per year. Mr. Sverha receives a family travel allowance of \$15,000 per year.

Pursuant to Mr. Sverha's employment offer letter, we agreed to reimburse the reasonable annual school fees and advance payments he may incur in connection with his children's attendance at an international school in Thailand, including deposits, surety bonds, and the like, which reimbursements will be tax equalized.

Mr. Grady and Mr. Archer receive an annual automobile allowance of \$12,000 per year.

In October 2016, we reviewed executive perquisites and adopted a perquisite policy that excludes non-business, travel-related expenses and charitable contributions. The perquisites and personal benefits paid to each Named Officer are reported in the "All Other Compensation" column of the "*Summary Compensation Table*" below, and are further described in the footnotes to such table.

Severance and Other Benefits Upon Termination of Employment

We and certain of our subsidiaries have entered into employment agreements or offer letters with our Named Officers that provide for them to receive severance benefits following certain terminations of their employment with us or our subsidiaries, as applicable. These arrangements are consistent with our overall compensation objectives because we believe such arrangements are critical to achieve our business objective of management retention. We evaluate the level of severance benefits to provide a Named Officer on a case-by-case basis. To ensure that the severance and change of control arrangements continue to remain consistent with our compensation philosophy and current market practices, the Compensation Committee may periodically review these arrangements. Please see "*Potential Payments Upon Termination or Change in Control*" below, for a description of the severance benefits our Named Officers may be entitled to receive upon termination of their employment.

Results of PSU Awards Granted in Prior Fiscal Years

In August 2020, the Compensation Committee granted PSUs (the “**fiscal 2021-2022 PSUs**”) and Stretch PSUs (the “**fiscal 2021-2022 Stretch PSUs**”) to each of our Named Officers. These awards were eligible to be earned based on achievement of performance criteria over a two-year period that began on June 27, 2020 and ended on June 24, 2022 (the “**fiscal 2021-2022 cycle**”).

For the **fiscal 2021-2022 cycle**, we achieved **cumulative revenue of \$4,141.6 million and non-GAAP operating margin of 9.92%**. Our cumulative revenue exceeded (i) the highest revenue goal of \$3,526.0 million established by the Compensation Committee under the fiscal 2021-2022 PSUs and (ii) the highest revenue goal of \$3,702.3 million under the fiscal 2021-2022 Stretch PSUs. Our cumulative non-GAAP operating margin

exceeded (i) the highest non-GAAP operating margin goal of 9.0% established by the Compensation Committee under the fiscal 2021-2022 PSUs and (ii) the highest non-GAAP operating margin goal of 9.45% under the fiscal 2021-2022 Stretch PSUs.

Accordingly, on August 9, 2022, the Compensation Committee certified that **100% of the fiscal 2021-2022 PSUs and 100% of the fiscal 2021-2022 Stretch PSUs were earned because we achieved all of the rigorous performance measures for the fiscal 2021-2022 cycle**.

The tables below provide information regarding the fiscal 2021-2022 PSUs and fiscal 2021-2022 Stretch PSUs, including the performance requirements and number of our ordinary shares earned.

Hedging Policy and Compensation Recovery Policy

We have an insider trading policy that prohibits, among other things, short sales, hedging of stock ownership positions, and transactions involving derivative securities relating to our ordinary shares.

We also maintain a claw back policy that applies to our executive officers. If a majority of the independent members of the Board determines that an officer's misconduct caused us to materially restate all or a portion of our financial statements, the Board may require the officer to repay incentive compensation that would not

have been payable absent the material restatement. This policy applies to all incentive compensation, excluding equity awards granted prior to the adoption of the policy, based on financial statements filed during the three years prior to the material restatement. The Compensation Committee intends to revisit our claw back policy after the SEC adopts final rules implementing the requirements of Section 954 of the Dodd-Frank Wall Street Reform and Consumer Protection Act.

Tax Considerations

Prior to 2018, Section 162(m) of the Internal Revenue Code generally placed a limit of \$1 million per year on the U.S. corporate income tax deduction a publicly-held corporation may take for compensation paid to each of its "covered employees" (generally, the chief executive officer and each of the next three most highly compensated executive officers, other than the chief financial officer, as of the end of any fiscal year), unless the compensation over \$1 million qualified as "performance-based" within the meaning of Section 162(m).

In 2017, the ability to rely on the "performance-based" compensation exception under Section 162(m) was eliminated and the \$1 million limitation on deductibility generally was expanded to include any individuals serving as the chief executive officer or chief financial officer during the tax year, the next three most highly compensated executive officers during the tax year, and any other individual who was considered a covered employee for any prior tax year beginning after 2016. Thus, we generally will not be able to take a deduction for

any compensation paid to our Named Officers in excess of \$1 million, unless the compensation qualifies for transition relief applicable to certain arrangements that were in place on November 2, 2017. We cannot guarantee that any compensation payable to our Named Officers will qualify for the transition relief or that the compensation ultimately will be deductible.

The Compensation Committee has not adopted a formal policy regarding tax deductibility of compensation paid to our chief executive officer and other executive officers. In order to maintain an executive compensation program that continues to strive to achieve the incentive, retention, pay for performance, and other objectives of the program, the Compensation Committee also may provide compensation to our Named Officers that may not be deductible to the extent that the aggregate amount for the year for the Named Officer exceeds \$1 million. However, the Compensation Committee intends to maintain an approach to executive compensation that strongly links pay to performance.

Compensation and Risk Assessment

The Compensation Committee has assessed the risks associated with our compensation policies and practices for all employees and, based on its assessment, does not believe that such compensation policies and practices create risks that are reasonably likely to have a material adverse effect on us.

Compensation Committee Report

The Compensation Committee oversees Fabrinet's compensation policies, plans and benefit programs. The Compensation Committee has reviewed and discussed the Compensation Discussion and Analysis required by Item 402(b) of Regulation S-K with management. Based on such review and discussions, the Compensation Committee has recommended to the Board that the Compensation Discussion and Analysis be included in this proxy statement.

Respectfully submitted by the members of the Compensation Committee of the Board of Directors.

Dr. Homa Bahrami

(1) The amounts in this column include the aggregate grant date fair value (computed in accordance with FASB ASC Topic 718) of time-based RSU awards granted during the designated fiscal year. The assumptions used in the valuation of these awards are set forth in the notes to our consolidated financial statements, which are included in our Annual Report on Form 10-K for our fiscal year ended June 24, 2022, filed with the SEC on August 16, 2022. These amounts do not necessarily correspond to the actual value that may be recognized by the Named Officer.

(2) The amounts in this column also include the value at the grant date of performance-based RSUs (PSUs) granted during the designated fiscal year based upon the probable outcome of the performance conditions for such awards, consistent with the estimate of aggregate compensation cost to be recognized over the service period determined as of the grant date under FASB ASC Topic 718, excluding the effect of estimated forfeitures.

On August 10, 2021, the Compensation Committee approved the grant, effective as of August 19, 2021, of PSUs and "Stretch" PSUs to each of our Named Officers that will vest, if at all, following a 2-year cumulative performance period covering fiscal 2022 and fiscal 2023. As of the date of grant, consistent with the estimate determined as of the grant date under FASB ASC Topic 718, the probable outcome of the performance conditions for these grants was 100% achievement. Accordingly, the fair value reported for the PSUs and "Stretch" PSUs granted in fiscal 2021 assumes that the highest level of performance conditions will be achieved and the grants will vest at their maximum level of 100%, as shown in the following table:

Name	Maximum Value of PSUs and "Stretch" PSUs Granted in Fiscal 2022 (Fiscal 2022-2023 Performance Period)
Mr. Grady	\$4,799,876
Dr. Gill	\$2,999,972
Mr. Sverha	\$1,599,824
Mr. Archer	\$1,399,946

(3) The amounts in this column reflect cash bonuses earned under our cash-based incentive plan for the applicable fiscal year. Amounts earned under our Fiscal 2022 Bonus Plan are reported as compensation for fiscal 2022 but were paid in fiscal 2023. Amounts earned under our fiscal 2021 cash-based incentive plan are reported as compensation for fiscal 2021 but were paid in fiscal 2022. Amounts earned under our fiscal 2020 cash-based incentive plan are reported as compensation for fiscal 2020 but were paid in fiscal 2021. For more information, see the "Grants of Plan-Based Awards in Fiscal 2022" table below.

(4) For more information, see the "All Other Compensation for Fiscal 2022" table below.

Consistent with corporate policy, we pay on behalf of all U.S. citizens who are working on our behalf in Asia on an expatriate basis a tax equalization payment that is intended to put the employee in the same position, from a tax-liability perspective, that he or she would be in if they were still located in the United States.

(1) Amounts reported represent the potential threshold, target and maximum cash incentive award amounts depending on the level of performance achieved under the Fiscal 2022 Bonus Plan, as described in "Compensation Discussion and Analysis—Executive Compensation Program Elements—Short-Term Cash Incentive Awards" above. Such amounts ranged from 10% of the target payout, representing the lowest payout that would have been awarded upon achievement of a certain level of performance against one of two related financial goals, to 120% of the target payout, which represented the maximum payout possible under the Fiscal 2022 Bonus Plan. In August 2022, the Compensation Committee determined that we achieved all of the pre-established performance targets under the Fiscal 2021 Bonus Plan and awarded bonus amounts equal to 120% of each participant's target bonus opportunity. The actual bonus amounts that were awarded are reflected in the "Non-Equity Incentive Plan Compensation" column of the "Summary Compensation Table" above.

(2) Amounts reported represent the potential threshold, target and maximum number of shares the Named Officer could earn pursuant to his PSU and "Stretch" PSU awards based on achievement of two-year corporate performance objectives covering fiscal 2022 and fiscal 2023. If we achieve a threshold performance level of 90% of one of two target financial goals, the PSUs will vest as to 20% of the PSUs allocated to that financial goal (i.e., 10% of the total number of PSUs). There is no threshold payout amount under the "Stretch" PSUs because we must exceed at least one of the target financial goals under the PSUs in order for any portion of the "Stretch" PSUs to vest. There is no overlap between the performance measures for PSUs and "Stretch" PSUs. For more information, see "Compensation Discussion and Analysis—Executive Compensation Program Elements—Long-Term Equity Incentive Awards" above.

(3) Reflects the aggregate grant date fair value of each equity award computed in accordance with FASB ASC Topic 718. Amounts reported for PSUs and "Stretch" PSUs are based upon the probable outcome of the performance conditions, consistent with the estimate of aggregate compensation cost to be recognized over the service period determined as of the grant date under FASB ASC Topic 718, excluding the effects of estimated forfeitures. As of the date of grant, the probable outcome of the performance conditions for these grants was 100% achievement. The reported amounts do not necessarily correspond to the actual value that may be recognized by the Named Officer.

(4) Granted under our 2020 Equity Incentive Plan.

(1) Stock awards in this column consist of unvested time-based RSUs. Unless otherwise noted, all time-based RSUs are scheduled to vest over a three-year period at a rate of one-third on each anniversary of the grant date, subject to continued service with us through the applicable vesting date.

Potential Payments Upon Termination or Change of Control

Arrangement with Seamus Grady

Pursuant to a change in control and severance agreement effective as of February 26, 2019 (the "**Grady Agreement**"), Mr. Grady may receive certain benefits in connection with an involuntary termination of employment, including in connection with a change of control of Fabrinet. The Grady Agreement has an initial term of three years following its effective date and renews automatically annually thereafter unless either party provides notice of non-renewal at least 90 days before the date of the scheduled renewal. The Grady Agreement supersedes the severance payments and benefits set forth in Mr. Grady's offer letter dated September 20, 2017.

Termination of Employment Unrelated to a Change in Control

Pursuant to the Grady Agreement, if Mr. Grady's employment is terminated by us without "cause" and other than due to his death or disability, or by him for "good reason" (each, a "**Qualifying Termination**"), in each case other than during the period beginning three months prior to a change in control of Fabrinet through the one-year anniversary of any such change in control (the "**Change in Control Period**"), then subject to Mr. Grady entering into and not revoking a separation agreement and release of claims (a "**Release Agreement**"), Mr. Grady will receive the same severance payments and benefits as was set forth in his offer letter, consisting of:

- ▶ a lump sum payment of 100% of his annual base salary as of the date of employment termination;
- ▶ a lump sum payment of any earned but unpaid bonus as of the date of employment termination;
- ▶ a lump sum payment of two times his cost of COBRA coverage for twelve months; and
- ▶ to the extent Mr. Grady is receiving tax equalization benefits under our expatriate policy as of the date of employment termination, continued tax equalization benefits for the calendar year in which the employment termination occurs and the immediately following calendar year.

"Cause" means Mr. Grady's (i) commission of a felony or any crime involving moral turpitude, (ii) willful breach of his duties to us, including, but not limited to, theft from us and failure to fully disclose a personal pecuniary interest in a transaction involving us, or (iii) engaging in willful misconduct, willful or gross neglect, fraud, misappropriation, or embezzlement.

"Good reason" means (i) a material diminution in Mr. Grady's authority, duties, or responsibilities (including following any change in control) or (ii) a material breach by us of Mr. Grady's offer letter or the Grady Agreement. However, before terminating his employment for good reason, Mr. Grady must provide (i) written notice to the Board setting forth the condition that could constitute a "good reason" event within sixty (60) days following the initial existence of such condition and (ii) an opportunity for us to remedy the condition within 30 days after receipt of such notice.

Termination of Employment in Connection with a Change in Control

In the event of a Qualifying Termination during the Change in Control Period, then subject to Mr. Grady entering into and not revoking a Release Agreement, and in lieu of the severance payments and benefits described above, Mr. Grady will receive:

- ▶ a lump sum payment of 200% of his annual base salary as of the date of employment termination (or, if greater, his annual base salary as in effect immediately before the change in control);
- ▶ a lump sum payment of any earned but unpaid bonus as of the date of employment termination;
- ▶ a lump sum payment of 200% of his annual target bonus opportunity in effect as of the date of employment termination (or, if greater, his annual target bonus opportunity as in effect immediately before the change in control);
- ▶ a lump sum payment of two times his cost of COBRA coverage for twelve months;
- ▶ 100% vesting acceleration of any unvested and outstanding time-based equity awards (i.e., awards subject to vest based on continued service but not any other performance requirements); and
- ▶ to the extent Mr. Grady is receiving tax equalization benefits under our expatriate policy as of the date of employment termination, continued tax equalization benefits for the calendar year in which the employment termination occurs and the immediately following calendar year.

In addition, in the event of a change in control of Fabrinet, any then-outstanding and unvested equity awards held by Mr. Grady that are subject to the achievement of any performance-based or similar vesting criteria will be governed by the award agreement applicable to such performance-based award. See "*Treatment of Performance-Based Awards in Change in Control*" below.

Arrangement with Harpal Gill

Pursuant to Dr. Gill's amended and restated offer letter dated as of January 9, 2018, Dr. Gill and Fabrinet are each free to terminate Dr. Gill's employment at any time, effective (i) one year after providing written notice, or (ii) such lesser period ending on May 7, 2023 (the "Gill Retirement Date") to the extent that the written notice is provided within the one year period prior to the Gill Retirement Date, provided that Dr. Gill's employment can be terminated at any time for cause without advance written notice.

Subject to certain conditions, in the event Dr. Gill's employment is terminated prior to, or within 10 days after, the Gill Retirement Date, either by us without "good cause" and other than due to his death or disability, or by Dr. Gill for any reason, Dr. Gill will receive the following severance benefits:

- ▶ a lump sum payment equal to one month's base salary as of the date of employment termination multiplied by the total number of full and fractional years of his employment with us as of the date of employment termination;
- ▶ a lump sum payment of any earned but unpaid bonus as of the date of employment termination;
- ▶ a lump sum payment of two times his cost of COBRA coverage for twelve months;
- ▶ any then-outstanding and unvested performance-based equity awards that remain subject to the achievement of any performance goals as of the date of employment termination will remain outstanding and eligible to vest based on the extent that the applicable performance-based or other criteria are satisfied (see "*Treatment of Performance-Based Awards in Change in Control*" below); and
- ▶ continued tax equalization benefits under our expatriate policy, as in effect on the date of employment termination, for the calendar year in which the employment termination occurs and the immediately following calendar year.

In the event Dr. Gill's employment is terminated on account of Dr. Gill's death or disability on or prior to the Gill Retirement Date, Dr. Gill will receive the following severance benefits:

- ▶ a lump sum payment equal to one month's base salary as of the date of employment termination multiplied by the total number of full and fractional years of his employment with us as of the date of employment termination;

- ▶ a lump sum payment of any earned but unpaid bonus as of the date of employment termination;
- ▶ a lump sum payment of two times his cost of COBRA coverage for twelve months; and
- ▶ any then-outstanding and unvested performance-based equity awards that remain subject to the achievement of any performance goals as of the date of employment termination will remain outstanding and eligible to vest based on the extent that the applicable performance-based or other criteria are satisfied (see "*Treatment of Performance-Based Awards in Change in Control*" below).

For purposes of Dr. Gill's offer letter, "good cause" means (i) an act of dishonesty made in connection with his responsibilities as an employee, (ii) a conviction or plea of nolo contendere to a felony or any crime involving fraud, embezzlement or any other act of moral turpitude, (iii) gross misconduct, (iv) unauthorized use or disclosure of any proprietary information or trade secrets of Fabrinet or any other party to whom he owes an obligation of nondisclosure as a result of his relationship with us, (v) willful breach of any obligations under any written agreement or covenant with us, or (vi) continued failure to perform employment duties after receipt of a written demand for performance from us.

Arrangement with Csaba Sverha

On March 17, 2020, we entered into an amended and restated offer letter with Mr. Sverha in connection with his promotion to Executive Vice President, Chief Financial Officer. Mr. Sverha's offer letter sets forth the general terms and conditions of his employment, including initial elements of his compensation and expatriate benefits. Upon termination of Mr. Sverha's employment while he is assigned to a location outside the United States, Mr. Sverha is entitled to repatriation benefits consisting of one-way economy class airfare, reimbursement of reasonable moving expenses, and continued tax equalization benefits under our expatriate policy, as in effect on the date of termination, for the calendar year in which the termination date occurs.

Executive Change in Control and Severance Plan

In August 2021, we adopted our Executive Change in Control and Severance Plan (the "**Severance Plan**"), which provides benefits to designated executive officers

in connection with an involuntary termination of employment, including in connection with a change in control of Fabrinet. Currently, Mr. Sverha and Mr. Archer are the only Named Officers who are eligible to participate in the Severance Plan.

Termination of Employment Unrelated to a Change in Control

If a participant's employment with us is terminated by us without "cause" and other than due to the participant's death or disability, or by the participant for "good reason" (each, a "**Plan Qualifying Termination**"), in each case other than during the period beginning three months prior to a change in control of Fabrinet through the one-year anniversary of any such change in control (the "**Plan Change in Control Period**"), then, subject to the participant timely signing and not revoking a separation agreement and release of claims (the "**Release Condition**"), the participant will be entitled to receive the following severance benefits:

- ▶ a lump sum payment of 50% of the participant's annual base salary as of the date of employment termination;
- ▶ a lump sum payment equal to the participant's earned but unpaid bonus as of the date of employment termination;
- ▶ a lump sum payment of 18 times the monthly premium for continued health coverage under COBRA for the participant and the participant's eligible dependents, as applicable; and
- ▶ to the extent a participant is receiving tax equalization benefits under our expatriate policy as of the date of employment termination, continued tax equalization benefits for the calendar year in which the employment termination occurs and the immediately following calendar year.

Termination of Employment in Connection with a Change in Control

Pursuant to the Severance Plan, if a participant's employment with us is terminated within the Plan Change in Control Period due to a Plan Qualifying Termination, then, subject to the Release Condition, the participant will be entitled to receive the following severance benefits:

- ▶ a lump sum payment of 100% of the participant's annual base salary as of the date of employment termination (or, if greater, the participant's annual base salary as in effect immediately before the change in control);
- ▶ a lump sum payment of any earned but unpaid bonus as of the date of employment termination;
- ▶ a lump sum payment of 100% of the participant's annual target bonus opportunity in effect as of the date of employment termination (or, if greater, the participant's annual target bonus opportunity as in effect immediately before the change in control);
- ▶ a lump sum payment of 18 times the monthly premium for continued health coverage under COBRA for the participant and the participant's eligible dependents, as applicable;
- ▶ 100% vesting acceleration of any unvested and outstanding time-based equity awards (i.e., awards subject to vest based on continued service but not any other performance requirements) ("**Time-Based Awards**"); and
- ▶ to the extent a participant is receiving tax equalization benefits under our expatriate policy as of the date of employment termination, continued tax equalization benefits for the calendar year in which the employment termination occurs and the immediately following calendar year.

In addition, in the event of a change in control of Fabrinet, any then-outstanding and unvested equity awards held by a participant that are subject to the achievement of any performance-based or similar vesting criteria will be governed by the award agreement applicable to such performance-based award. See "*—Treatment of Performance-Based Awards in Change in Control*" below.

Treatment of Performance-Based Awards in Change in Control

Seamus Grady and Harpal Gill

Mr. Grady's and Dr. Gill's currently outstanding performance-based equity awards provide that, to the extent that the performance period has not yet been completed as of the change in control, (i) the performance period for any Fabrinet revenue goals will be shortened to end shortly before the change in control and achievement of revenue will be measured based on goals that are prorated for the shortened performance period, and (ii) the performance period for any Fabrinet operating margin goals will be deemed to be the last four consecutive fiscal quarters of Fabrinet completed before the change in control. Any performance-based equity awards for which such applicable goal is deemed achieved will be scheduled to vest subject to continued service with Fabrinet through the last date of the award's original performance period, and, in the case of Mr. Grady's awards, will be treated as a time-based award that may be eligible for certain vesting acceleration under the Grady Agreement upon a Qualifying Termination during the Change in Control Period.

Csaba Sverha and Edward Archer

The performance-based equity awards that were granted to Messrs. Sverha and Archer in August 2021 provide that, to the extent that the performance period has not yet been completed as of the change in control, (i) the performance targets for awards that do not have "stretch" performance targets will be deemed to have been

achieved in full as of the change in control, will be scheduled to vest subject to the participant's continued service with Fabrinet through the last date of the award's original performance period, and will be treated as a Time-Based Award under the Severance Plan that may be eligible for the vesting acceleration under the Severance Plan upon a Qualifying Termination during the Change in Control Period, as described in "*Executive Change in Control and Severance Plan*" above, and (ii) awards that have "stretch" performance targets will be forfeited in full.

The performance-based equity awards that were granted to Messrs. Sverha and Archer in August 2022 provide that, to the extent that the performance period has not yet been completed as of the change in control, (i) the performance period for any Fabrinet revenue goals will be shortened to end shortly before the change in control and achievement of revenue will be measured based on goals that are prorated for the shortened performance period, and (ii) the performance period for any Fabrinet operating margin goals will be deemed to be the last four consecutive fiscal quarters of Fabrinet completed before the change in control. Any performance-based equity awards for which such applicable goal is deemed achieved will be scheduled to vest subject to continued service with Fabrinet through the last date of the award's original performance period, and will be treated as a Time-Based Award under the Severance Plan that may be eligible for the vesting acceleration under the Severance Plan upon a Qualifying Termination during the Change in Control Period, as described in "*Executive Change in Control and Severance Plan*" above.

Estimated Payments and Benefits

The following tables provide information concerning the estimated payments and benefits that would be provided to our Named Officers in the circumstances described above. Payments and benefits are estimated assuming the triggering event took place on the last business day of fiscal 2022 (June 24, 2022).

There can be no assurance a triggering event would produce the same or similar results as those estimated below if such event occurs on any other date, of if any other assumption used to estimate potential payments and benefits is not correct. Due to the number of factors affecting the nature and amount of any potential payments or benefits, any actual payments and benefits may be different.

CEO Pay Ratio

As provided for by the Dodd-Frank Wall Street Reform and Consumer Protection Act, the SEC adopted a rule requiring companies to disclose the ratio of the median employee's total annual compensation relative to total annual compensation of the CEO. For purposes of this disclosure, our CEO's total annual compensation for fiscal 2022 was \$9,936,955. We estimate that our median employee's total annual compensation for fiscal 2022 was \$8,715, making our CEO's pay in fiscal 2022 approximately 1,140 times the pay of our median employee, who is a worker in Thailand.

The pay ratio described above is a reasonable estimate calculated in a manner consistent with Item 402(u) of Regulation S-K ("**Item 402(u)**"). The median employee was identified by determining the compensation for each employee using the following consistently applied compensation measures: (1) salary received in fiscal 2022 (annualized if employee worked only a portion of

the fiscal year, including if employee was on an unpaid leave of absence during the fiscal year); (2) annual incentive bonus earned in fiscal 2022; (3) grant date fair value of equity awards granted during fiscal 2022; and (4) perquisites paid in fiscal 2022.

Our calculation includes all employees in the United States, China, Thailand and the United Kingdom as of June 24, 2022, the last day of fiscal 2022. As of that date, we had 169 employees located in the United States and 14,066 employees located outside of the United States. Our employees located in the Cayman Islands, Israel and Singapore (an aggregate total of 51 employees) were excluded from the calculation under the de minimis exception provided for in Item 402(u). We applied exchange rates as of June 24, 2022 to the compensation elements paid in Chinese Renminbi, Thai baht and British pounds.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

Related Party Transactions

This section describes transactions since the beginning of fiscal 2022 to which we were a party or will be a party, in which the amounts involved exceeded or will exceed \$120,000 and in which the following persons had or will have a direct or indirect material interest:

- any of our directors or executive officers;
- any nominee for election as one of our directors;
- any person or entity that beneficially owns more than five percent of our outstanding shares; or
- any member of the immediate family of any of the foregoing persons.

Employment of Family Member

Dr. Soon Kaewchansilp, father-in-law of David T. Mitchell, was appointed in March 2015 as the first Fabrinet Fellow in recognition of his many years of exemplary service to Fabrinet. As a Fabrinet Fellow, Dr. Kaewchansilp will continue to serve as Fabrinet's ambassador to the Thai-American Chamber of Commerce, liaise with Thai

government officials on behalf of Fabrinet, and mentor our employees in Thailand. In fiscal 2022, Dr. Kaewchansilp received total cash compensation of \$180,000 and perquisites in the amount of \$2,695. Dr. Kaewchansilp will receive a lump sum payment of \$500,000 when his relationship with Fabrinet concludes.

Consulting Agreement with Former Director

On January 9, 2022, we entered into a consulting agreement with Gregory P. Dougherty in connection with his resignation from the Board, which occurred on January 10, 2022. The consulting agreement has a term of one year and provides that, in exchange for providing specified consulting services to us, Mr. Dougherty will receive a cash amount equal to \$10,000 per month and, for so long as Mr. Dougherty remains a service provider to us, Mr. Dougherty will continue to vest in his equity awards that were then-outstanding in accordance with the vesting terms and other criteria of the plan under which such awards were granted and applicable award agreements governing the terms of such awards.

Policy for Approval of Related Party Transactions

In accordance with the Audit Committee's charter, the Audit Committee reviews and pre-approves in writing any proposed related person transactions. The most significant related person transactions, particularly those involving our directors and officers, will be reviewed and pre-approved in writing by the Board. We will report all such material related person transactions under

applicable accounting rules, federal securities laws and SEC rules and regulations. Any dealings with a related person must be conducted in such a way that does not give us or the related person preferential treatment. For purposes of these procedures, "related person" and "transaction" have the meanings contained in Item 404 of Regulation S-K.

We have determined beneficial ownership in accordance with SEC rules. Except as indicated in the footnotes below, and subject to applicable community property laws, we believe, based on the information furnished to us, the persons and entities named in the table below have sole voting and investment power with respect to all ordinary shares shown as beneficially owned by them. Percentage of beneficial ownership is based on 36,587,164 ordinary shares outstanding as of October 12, 2022 (which excludes 2,658,994 ordinary shares held by us as treasury shares). In computing the number of ordinary shares beneficially owned by a person or entity and the percentage ownership of that person or entity, we deemed to be outstanding all ordinary shares as to which such person or entity has the right to acquire within 60 days of October 12, 2022, through the exercise of any option or other right. We did not deem these shares outstanding, however, for the purpose of computing the percentage ownership of any other person or entity. Unless otherwise noted below, the address of each beneficial owner named below is c/o Fabrinet USA, Inc., 4900 Patrick Henry Drive, Santa Clara, CA 95054.

DELINQUENT SECTION 16(a) REPORTS

Section 16(a) of the Exchange Act requires our directors, executive officers and any persons holding more than 10% of a registered class of our equity securities to report initial ownership of such equity shares, and any subsequent changes in ownership to the SEC. Such officers, directors and 10% shareholders also are required by SEC rules to furnish us with copies of all Section 16(a) forms they file. Specific due dates have been established by the SEC, and we are required to disclose in this proxy statement any failure to file required ownership reports by these dates. Based solely on our review of copies of such forms received, or written representations from certain reporting persons that no filings were required for such persons, we believe that during fiscal 2022 our executive officers and directors complied with all Section 16(a) filing requirements applicable to them, except Mr. Archer filed (1) a late Form 4 on August 25, 2021 to report the sale of 11,450 shares on August 19, 2021, (2) a late Form 4 on February 9, 2022 to report that 2,544 shares were withheld to cover his tax liability in connection with the vesting of RSUs on January 7, 2022, and (3) a late Form 4 on March 24, 2022 to report the sale of 2,146 shares on March 1, 2022.

APPENDIX A

RECONCILIATION OF GAAP MEASURES TO NON-GAAP FINANCIAL MEASURES

In addition to disclosing financial results in accordance with U.S. GAAP, this document contains references to the non-GAAP financial measures below. We refer to these non-GAAP financial measures in making operating decisions because they provide meaningful supplemental information regarding our ongoing operational performance. Our non-GAAP financial measures reflect adjustments based on one or more of the following items: share-based compensation expenses; depreciation of fair value uplift; expenses related to reduction in workforce; amortization of intangibles; severance payments; amortization of deferred debt issuance costs. We have excluded these items in order to enhance investors' understanding of our underlying operations. The use of these non-GAAP financial measures has material limitations because they should not be used to evaluate our company without reference to their corresponding GAAP financial measures. As such, we compensate for these material limitations by using these non-GAAP financial measures in conjunction with GAAP financial measures.

These non-GAAP financial measures are used to: (1) measure company performance against historical results, (2) facilitate comparisons to our competitors' operating results, and (3) allow greater transparency with respect to information used by management in making financial and operational decisions. In addition, these non-GAAP financial measures are used to measure company performance for the purposes of determining employee incentive plan compensation.

The following tables present the reconciliations of our most comparable U.S. GAAP measures to our non-GAAP measures presented:
